Hooyman 10 ft. Extendable Tree Saw Safety Instruction Guide

Introduction

Thank you for choosing the Hooyman 10 ft. Extendable Tree Saw (1002). This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the saw to maximize safety and performance.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the saw before each use for any signs of damage or wear.
- Keep the saw out of reach of children and vulnerable individuals when not in use.
- Store the saw in a dry, safe place to prevent damage.
- Follow all local regulations regarding tree trimming and cutting.
- Report any unsafe product experiences to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including gloves, safety glasses, and sturdy footwear.
- Use the saw in a welllit area to ensure visibility.
- Keep bystanders at a safe distance while using the saw.
- Do not use the saw in wet or slippery conditions to avoid losing control.
- Ensure that the area is clear of obstacles and hazards before starting work.
- Use both hands to operate the saw for better control.
- Avoid reaching overhead or cutting at awkward angles.
- If the saw becomes stuck, do not force it; carefully disengage it from the cut.

Instructions for Installation and Usage

1. Extending the Saw:

- Hold the saw firmly with both hands.
- Locate the locking mechanism and release it.
- Extend the pole to the desired length (up to 10 feet).
- Securely lock the mechanism in place before use.

2. Using the Saw:

- Position the blade on the branch to be cut.
- Begin cutting with a slow, steady motion.
- Apply even pressure while sawing, allowing the blade to do the work.
- If using the saw in a pole configuration, ensure it is stable and secure.

3. Collapsing the Saw:

- After use, release the locking mechanism.
- Carefully collapse the pole back to its compact size (28 inches).
- Store the saw in a safe place, ensuring it is clean and dry.

Disposal Instructions

- Dispose of the saw in accordance with local regulations for metal and recyclable materials.
- Do not dispose of the saw in regular household waste.
- If the saw is damaged beyond repair, contact local waste management for guidance on proper disposal.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please reach out to the designated support channels provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience while using your Hooyman 10 ft. Extendable Tree Saw. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation (GPSR).
