

# Lead Sled Solo

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

The Lead Sled® Solo™ features a smooth pivoting elevation system that is controlled by a single knob, making adjustments onto target fast and precise. Its unique offset frame is designed to accommodate all rifles, including detachable magazine rifles like the popular AR-15 platform or lever action guns. A heavy duty spring, located between the frame members, helps eliminate recoil on non-magnum calibers and greatly reduces recoil on all calibers. The adjustable height front cradle features a fore-end strap that easily secures your rifle onto the rest.

# Caldwell Lead Sled Solo Safety Instruction Guide

## Introduction

Thank you for choosing the Caldwell Lead Sled Solo. This product is designed to enhance your shooting experience by providing stability and support for your rifle. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure the area around you is clear of people and obstacles before shooting.
- Store the Lead Sled Solo and your firearms securely when not in use.
- Use the Lead Sled Solo only for its intended purpose.
- Regularly inspect the Lead Sled Solo for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm usage and safety.

## Specific Safety Precautions for Use

- Ensure that the Lead Sled Solo is set up on a stable surface to prevent tipping.
- Do not exceed the recommended weight limit for the Lead Sled Solo.
- Always secure your rifle in the front cradle with the foreend strap before shooting.
- Avoid using the Lead Sled Solo with firearms that exceed the recoil capacity for nonmagnum calibers.
- Keep hands and body clear of the rifle's path when firing.

## Instructions for Installation and Usage

### 1. Setup:

- Place the Lead Sled Solo on a flat, stable surface.
- Adjust the height of the front cradle using the elevation knob to fit your rifle comfortably.

### 2. Securing the Rifle:

- Place the rifle in the front cradle.
- Use the foreend strap to secure the rifle firmly in place.

### 3. Adjusting for Recoil:

- If using a nonmagnum caliber, ensure the heavyduty spring is properly engaged to minimize recoil.
- For magnum calibers, additional precautions may be necessary to manage recoil effectively.

### 4. Shooting:

- With the rifle secured, take your shooting position.
- Always maintain a safe shooting posture and ensure the area is clear before firing.

### 5. PostUse:

- After shooting, carefully remove the rifle from the Lead Sled Solo.
- Store the Lead Sled Solo in a safe and dry location.

## **Disposal Instructions**

- Dispose of the Lead Sled Solo in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the product packaging or visit the manufacturer's website to find the appropriate contact information.

By following these guidelines, you can ensure a safe and enjoyable experience with your Caldwell Lead Sled Solo. Always prioritize safety and responsibility when handling firearms and related equipment.
