

# AR Pic Rail Brass Catcher - Universal Brass Catcher SA

## Shooting Accessories

The Caldwell Universal Brass Catcher S.A. is the perfect tool for any reloader or conscious shooter. This expended brass catcher conveniently fits onto bolt-action and semi-automatic rifles to allow you to focus on shooting, rather than worrying about where your brass is landing. When the bag is full (100 rounds of .223) simply use the zipper on the bottom of the bag to empty the casings into your desired container and keep shooting.

# Caldwell AR Pic Rail Brass Catcher Universal Brass Catcher SA Safety Instruction Guide

## Introduction

Thank you for choosing the Caldwell Universal Brass Catcher S.A. This product is designed to enhance your shooting experience by efficiently collecting expended brass casings. To ensure your safety and the safe use of this product, please read and follow the guidelines outlined in this instruction manual carefully.

## General Safety Guidelines

- Always wear appropriate eye and ear protection when shooting.
- Ensure that the firearm is in good working condition before use.
- Only use the brass catcher with compatible boltaction and semiautomatic rifles.
- Keep the brass catcher away from hot surfaces or open flames to prevent damage.
- Inspect the brass catcher regularly for wear and tear. Replace if damaged.
- Store the brass catcher in a cool, dry place when not in use.
- Follow all local laws and regulations regarding the use of firearms and shooting accessories.

## Specific Safety Precautions for Use

- Do not attempt to use the brass catcher while the firearm is loaded.
- Ensure the firearm is pointed in a safe direction at all times during use.
- Keep hands and body clear of the brass catcher when the firearm is discharged.
- Be aware of your surroundings and ensure that no one is in the vicinity of the ejected brass.
- If the brass catcher becomes full during use, cease firing and empty it before continuing.

## Instructions for Installation and Usage

### Installation

#### 1. Attach the Brass Catcher:

- Ensure the firearm is unloaded.
- Position the brass catcher over the ejection port of your rifle.
- Securely attach the brass catcher using the provided straps or clamps.

#### 2. Adjust the Position:

- Make sure the catcher is aligned properly to capture all ejected casings.
- Adjust the straps or clamps as necessary for a snug fit.

### Usage

#### • Loading the Firearm:

- Load your firearm as per the manufacturer's instructions.

#### • Firing:

- Begin shooting while ensuring the brass catcher remains in place.

#### • Emptying the Brass Catcher:

- Once the brass catcher is full (approximately 100 rounds of .223), stop shooting.
- Use the zipper located at the bottom of the bag to empty the casings into your desired container.
- Check for any remaining casings before continuing to shoot.

## **Disposal Instructions**

- Dispose of expended brass casings in accordance with local regulations.
- If the brass catcher is damaged beyond repair, dispose of it in an environmentally friendly manner. Check with local waste management facilities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Caldwell Universal Brass Catcher S.A., please refer to the manufacturer's contact information provided with the product packaging. Remember to report any unsafe products or incidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

Thank you for prioritizing safety and responsible shooting practices. Enjoy your experience with the Caldwell Universal Brass Catcher S.A.!
