

Viper PST Gen II 3-15x44 FFP EBR-7C MRAD

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Rock-solid, Vortex Optics EBR-2C MRAD Viper PST Gen II Riflescope gives you the upper hand in close quarters combat or long range shooting. The 30mm aluminum maintube houses extra-low dispersion (XD) lenses treated with the high-transmission, XR full multi-coatings, ensuring the Vortex Optics EBR-2C MRAD Viper PST Gen II Riflescope delivers bright, clear, glare-free images with true color.

The variable power Vortex Optics 3-15x44mm Viper PST Gen II riflescope has a fast focus eyepiece and illuminated front focal plane, with detailed and intuitive holdover points on the glass-etched reticle. Elevation and windage adjustments are simple and easy thanks to the laser-etched, tactical turrets. Topping off the Vortex Optics' EBR-2C MRAD Viper PST Gen II Riflescope is a fiber optic turret rotation indicator and a RZR zero stop that prevents the turret from dialing below sight-in range.

Vortex Optics Viper PST Gen II 315x44 FFP EBR7C MRAD Safety Instruction Guide

Introduction

Thank you for choosing the Vortex Optics Viper PST Gen II 315x44 FFP EBR7C MRAD Riflescope. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this guide carefully before using the riflescope.

General Safety Guidelines

- Always handle the riflescope with care to avoid damage.
- Ensure that the riflescope is mounted securely to your firearm before use.
- Keep the riflescope and its components out of reach of children and unauthorized users.
- Be aware of your surroundings when using the riflescope to avoid accidents.
- Regularly inspect the riflescope for any signs of damage or wear.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use the riflescope if it appears damaged or malfunctioning.
- Avoid looking directly at the sun through the riflescope, as it can cause serious eye injury.
- Use the riflescope only for its intended purpose, which is to enhance your shooting accuracy.
- Ensure that the riflescope is adjusted properly before use, including focus and illumination settings.
- Always follow local laws and regulations regarding the use of firearms and optics.

Instructions for Installation and Usage

1. Installation

- Carefully remove the riflescope from its packaging.
- Mount the riflescope securely onto your firearm using the appropriate mounting rings or base.
- Ensure that the riflescope is level and aligned with the barrel of the firearm.
- Tighten the mounting screws evenly to secure the riflescope in place.

2. Usage

- Adjust the eyepiece to achieve a clear sight picture.
- Use the fast focus eyepiece to finetune your vision.
- Set the magnification to the desired level (3x to 15x) using the magnification ring.
- Use the illuminated reticle for better visibility in lowlight conditions, adjusting the illumination level as needed.
- Make elevation and windage adjustments using the tactical turrets, following the laseretched graduations for accuracy.

Disposal Instructions

- Dispose of the riflescope and its components in accordance with local regulations.
- Do not dispose of electronic components in regular household waste. Instead, take them to a designated electronic waste recycling facility.

Contact Information for Further Support

For any questions or concerns regarding the Vortex Optics Viper PST Gen II 315x44 FFP EBR7C MRAD Riflescope, please refer to the manufacturer's website or customer support resources. Ensure to keep the product manual for future reference.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Vortex Optics Viper PST Gen II Riflescope. Thank you for your commitment to safety.
