

Viper HS 4-16x50 BDC-2

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Rugged, super-versatile scopes offer a 4x zoom range to make the Viper HS series ideal for any type of short- or long range hunting or shooting. One-piece, 30mm main tubes are purged with Argon gas for superior fog, shock, and waterproof performance. Fully multi-coated lenses feature extra-low dispersion glass and Vortex's proprietary coatings gather plenty of light to give you clear, high contrast target images - even when light is fading. ArmorTek coating protects all air-to-glass surfaces from scratches and enables easy removal of debris. Side-focus parallax adjustments help to ensure a reliable impact point from 50 yards to infinity. Dead-Hold BDC (DH BDC) reticle includes hash marks to assist you windage corrections and hold-overs out to 500 yards, based on your cartridge's ballistic performance.

VORTEX OPTICS Viper HS 416x50 BDC2 Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Viper HS 416x50 BDC2. This guide provides essential safety instructions to ensure the safe use and handling of your rifle scope. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the scope for any signs of damage or wear. If any issues are detected, discontinue use immediately.
- Always follow local laws and regulations regarding the use of firearms and accessories.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the scope to prevent injury from potential recoil or debris.
- **Mounting:** Ensure the scope is securely mounted to the rifle using the appropriate mounting hardware. Follow the manufacturer's instructions carefully.
- **Parallax Adjustment:** Use the sidefocus parallax adjustments to ensure a reliable impact point. This is crucial for accurate shooting at various distances.
- **Reticle Use:** Familiarize yourself with the DeadHold BDC reticle before use. Practice using the hash marks for windage corrections and holdovers.
- **Handling:** Handle the scope with care. Avoid dropping or subjecting it to severe impacts, as this may affect its performance.

Instructions for Installation and Usage

1. Installation:

- Select a suitable mounting location on your rifle.
- Use a compatible mounting system designed for a 30mm tube.
- Securely attach the scope to the rifle, ensuring it is level and aligned with the barrel.
- Tighten all screws according to the manufacturer's specifications.

2. Using the Scope:

- Adjust the magnification by rotating the magnification ring to your desired level (4x to 16x).
- Set the objective size to 50mm for optimal light gathering.
- Adjust the parallax using the side focus dial to ensure clarity at your shooting distance.
- Use the DeadHold BDC reticle for accurate shooting. Refer to the hash marks for adjustments based on your cartridge's ballistic performance.

3. Maintenance:

- Regularly clean the lenses with a soft, lintfree cloth to remove dust and debris.
- Avoid using harsh chemicals that may damage the lens coatings.
- Store the scope in a dry, cool place when not in use, ideally in a protective case.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and optics.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the VORTEX OPTICS Viper HS 416x50 BDC2, please refer to the manufacturer's website or customer support resources.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your VORTEX OPTICS Viper HS 416x50 BDC2. Thank you for your attention to safety.
