

Precision Match Wvr/Pic 1" Ring Set Low

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Vortex Optics starts with certified USA 7075 T6 billet aluminum and hold it to an extremely tight tolerance of .0005 using their precision Computer Numeric Controlled (CNC) mill. These Precision Matched Rings are kept in pairs throughout the manufacturing process - ensuring perfection from one set to another. These Vortex rings are then serialized, vibratory tumbled, hand-bead blasted and finished off with a Type III hard coat anodize.

Rugged, lightweight, anti-snap design
Robust, Grade 8 fasteners
100% made in USA guaranteed for life

VORTEX OPTICS Precision Match Wvr/Pic 1" Ring Set Low Safety Instruction Guide

Introduction

Thank you for choosing the Vortex Optics Precision Match Wvr/Pic 1" Ring Set Low. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Always inspect the product for any damage or defects before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of firearm accessories.
- In case of an emergency or accident, report it to the relevant authorities immediately.

Specific Safety Precautions for Use

- Only use the Vortex rings with compatible scopes and mounts. Check the specifications carefully.
- Ensure that the rings are securely fastened to prevent any movement during use.
- Avoid overtightening the fasteners, which may cause damage to the rings or the scope.
- Regularly check the integrity of the rings and fasteners, especially after heavy use or exposure to harsh conditions.
- Do not modify the product in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate hex keys.
- Ensure the mounting surface is clean and free of debris.

2. Installation Steps

- Position the scope in the desired location on the rail.
- Place the Vortex rings around the scope tube, ensuring they are aligned with the mounting base.
- Insert the fasteners through the rings and into the mounting base.
- Use a torque wrench to tighten the fasteners to the recommended torque specifications. Refer to the product specifications for the exact torque values.

3. Usage Guidelines

- After installation, check the alignment of the scope and ensure it is securely mounted.
- When using the scope, maintain a proper shooting stance and ensure that the firearm is handled safely.
- Periodically check the rings and fasteners during use to ensure they remain secure.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling parts of the product where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries or safety concerns, please reach out to the designated contact point provided by the manufacturer or authorized retailer. Ensure you have the product details ready for a more efficient response.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Vortex Optics Precision Match Wvr/Pic 1" Ring Set Low. Thank you for your attention to safety and compliance.
