

Defender Flip Cap, Objective 32

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Lens Covers](#)

Virtually indestructible, these caps will fit snugly on nearly all Vortex Optics and features a snap flat spring that will keep your line of sight unobstructed. Rifle ranges the world over are littered with broken flip caps. This is one cap you will most likely never see in a flip cap boneyard.

The Eyepiece cap has three stop positions. The first vertical, to put your dope disk (optional accessory) literally right in your face. The second at a 45° and the third at 90° to lay flat back. The Eyepiece cap fits all Vortex Riflescopes except the 1-inch tube Viper model VPR-M-01BDC, VPR-M-04BDC and VPR-M-03BDC.

VORTEX OPTICS Defender Flip Cap Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Defender Flip Cap, designed to provide durable protection for your optics while ensuring an unobstructed line of sight. This guide contains essential safety instructions and guidelines to help you use this product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the flip cap for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the flip cap is securely attached to your optics before use.
- Avoid using excessive force when adjusting the eyepiece cap to prevent damage.
- Do not expose the flip cap to extreme temperatures or harsh chemicals.
- If the flip cap becomes damaged, discontinue use and replace it immediately.
- When using the eyepiece cap, ensure that it is in a safe position to avoid obstruction of your view.

Instructions for Installation and Usage

1. Installation of the Flip Cap:

- Ensure that your Vortex optic is clean and free from debris.
- Align the flip cap with the objective lens and press it firmly into place until you hear a click, indicating that it is securely attached.
- For the eyepiece cap, follow the same steps, ensuring it fits snugly.

2. Adjusting the Eyepiece Cap:

- The eyepiece cap has three stop positions:
 - **Vertical Position:** Ideal for placing your dope disk (optional accessory) directly in front of you.
 - **45° Position:** Adjust for a comfortable viewing angle.
 - **90° Position:** Lay the cap flat back for unobstructed use.
- To adjust, gently pull the cap to the desired position until it clicks into place.

3. Using the Flip Cap:

- Always check that the flip cap is properly secured before heading out.
- When not in use, keep the flip cap closed to protect your optics from dirt and damage.
- When ready to use, flip the cap open and ensure it is secure in the open position.

Disposal Instructions

- Dispose of the flip cap responsibly in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, look for designated recycling facilities or

collection points for plastic waste.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the VORTEX OPTICS Defender Flip Cap, please refer to the product packaging or visit the Vortex Optics website for more information.

By following these safety instructions, you can ensure a safe and effective experience with your VORTEX OPTICS Defender Flip Cap. Thank you for your attention to safety and for choosing Vortex Optics!
