## Safety Instructions

### Introduction

Thank you for choosing the VORTEX OPTICS Razor HD 4000 Laser Rangefinder. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your rangefinder. Please read this manual carefully before using the product.

### General Safety Guidelines

- Always handle the rangefinder with care to avoid dropping or damaging it.
- Keep the device away from moisture and extreme temperatures to prevent damage.
- Do not attempt to disassemble or modify the rangefinder, as this may void the warranty and pose safety risks.
- Ensure that the device is used only for its intended purpose: measuring distances.
- Keep the rangefinder out of reach of children and pets to prevent accidents.
- Regularly check for any damage or wear and tear before use. If any issues are found, do not use the device.
- Follow all local laws and regulations regarding the use of laser devices.

### Specific Safety Precautions for Use

- Avoid direct eye exposure to the laser beam. The laser is classified as a Class 2 laser, which can be harmful if viewed directly.
- Do not use the rangefinder to measure distances in hazardous environments where safety may be compromised.
- When using the rangefinder, ensure that no one is in the line of sight when the laser is activated.
- Be cautious when using the rangefinder in bright sunlight or reflective conditions, as visibility may be affected.
- Always verify the rangefinder's readings with known distances when accuracy is critical.

### Instructions for Installation and Usage

#### 1. Battery Installation:

- Open the battery compartment by sliding the cover off.
- Insert the included CR2 battery, ensuring the positive (+) and negative (-) terminals are correctly aligned.
- Replace the battery compartment cover securely.

#### 2. Powering On:

- Press the power button to turn on the rangefinder. The display will light up, indicating it is ready for use.

#### 3. Adjusting Magnification:

- Use the magnification adjustment dial to set the desired zoom level (7x).

#### 4. Measuring Distance:

- Point the rangefinder at the target object.

- Press the measure button to activate the laser and obtain the distance reading.
- The distance will be displayed on the screen in yards.

#### **5. Turning Off:**

- Press the power button again to turn off the rangefinder when not in use, to conserve battery life.

#### **6. Cleaning:**

- Use a soft, dry cloth to clean the lenses and body of the rangefinder. Avoid using harsh chemicals or abrasive materials.

## **Disposal Instructions**

- Dispose of the rangefinder and its components in accordance with local regulations for electronic waste.
- Remove the battery before disposal and recycle it according to local battery disposal guidelines.
- Do not dispose of the rangefinder in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the VORTEX OPTICS Razor HD 4000 Laser Rangefinder, please refer to the official VORTEX OPTICS website or authorized dealers for assistance.

Thank you for your attention to these safety instructions. Enjoy using your VORTEX OPTICS Razor HD 4000 Laser Rangefinder safely and effectively!
