

# Vulture 15x56 HD

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binoculars](#)

With big 56mm objective lenses, Vortex's Vulture HD 15x56 binoculars are designed for superb low-light performance, making them an excellent tool for spotting game at dawn and dusk, when many critters are most active. Vortex's high-density, extra-low-dispersion lenses work together with multi-layer dielectric and phase-correction coatings on the roof prisms to generate super-bright images that are razor-sharp from edge-to-edge. If you need a set of binos that make the most of the available light - and can help you distinguish the animal from the flora around it - the Vulture HDs are for you. Built to withstand extreme conditions, the Vortex Vulture HD 15X56 binoculars have a rugged rubber armor coating on the exterior, so you won't drop them when your hands are wet or gloves reduce your dexterity. Argon purged barrels deliver fogproof and waterproof performance in all weather. And Vortex's ArmorTek coating to exterior lens surfaces protect them from scratches, dirt, and fingerprints.

NO IMAGE  
AVAILABLE

Roof prism design is far more compact & robust than traditional Porro prism binos

O-ring sealed against moisture and dust

Comfortable twist up eyecups

Non-slip rubber armor on exterior enhances durability

Impressive 15' minimum focus distance

# Vortex Optics Vulture 15x56 HD Safety Instructions

## Introduction

Thank you for choosing the Vortex Optics Vulture 15x56 HD binoculars. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your binoculars. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure safe handling and usage of the binoculars to prevent accidents.
- Be aware of the potential hazards associated with using optical devices.
- Regularly check for any recalls or safety notices related to the product.
- Report any unsafe conditions or accidents to the appropriate authorities.
- For updates on product safety, visit the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the binoculars while driving or operating machinery.
- Avoid looking directly at the sun through the binoculars, as this can cause serious eye damage.
- Keep the binoculars away from children to prevent accidents.
- Use the binoculars only for their intended purpose (e.g., wildlife observation, sports events).
- Ensure that the binoculars are securely held to avoid dropping them.
- Clean the lenses with a soft, dry cloth to prevent scratches and damage.

## Instructions for Installation and Usage

### 1. Unboxing the Binoculars

- Carefully remove the binoculars from the packaging.
- Check for any visible damage or missing parts. Do not use if damaged.

### 2. Adjusting the Eyecups

- Twist up the eyecups for comfortable viewing, especially if you wear glasses.
- Ensure that the eyecups are fully extended for optimal performance.

### 3. Focusing the Binoculars

- Use the center focus wheel to adjust the view for your right eye.
- Close your right eye and focus using the left eye only.
- Open your right eye and adjust the right diopter until the image is clear.

### 4. Using the Binoculars

- Hold the binoculars securely with both hands.
- Look through the eyepieces and adjust the focus as needed.
- Use a stable surface or tripod if necessary for extended viewing.

### 5. Storing the Binoculars

- When not in use, store the binoculars in a dry place.
- Use the provided case to protect the binoculars from dust and damage.

## **Disposal Instructions**

- Follow local regulations for the disposal of optical devices.
- Do not dispose of the binoculars in regular household waste.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the Vortex Optics Vulture 15x56 HD binoculars, please contact the manufacturer directly or visit the official website for support resources.

By following these safety instructions, you will enhance your experience with the Vortex Optics Vulture 15x56 HD binoculars while ensuring your safety and the safety of others. Thank you for your attention to these important guidelines.
