[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binoculars](#)

The Vortex Raptor 10x32mm are mid-size, wide-angle, Porro prism binoculars that deliver a wide field of view, superior depth of field, and 3-D color image reproduction - even in low light. Fully multi-coated lenses increase light transmission for maximum brightness while a special phase-correction coating enhances image resolution and contrast. Center-focus wheel and right-eye diopter help you focus precisely on what you want to see. Offering a wide range of inter-pupillary distance, the Vortex 10x32mm Raptor binoculars can be easily adjusted to fit anyone in the family, from young children to adults.

# Vortex Optics Raptor 10x32 Safety Instruction Guide

## Introduction

Thank you for choosing the Vortex Optics Raptor 10x32 binoculars. This guide provides essential safety instructions to ensure safe and effective use of your binoculars. Please read this manual carefully before using the product.

## General Safety Guidelines

- Ensure safe use of the binoculars by following these guidelines:
  - Always use the binoculars in accordance with the instructions provided in this manual.
  - Keep the binoculars out of reach of young children to prevent accidents.
  - Avoid exposing the binoculars to extreme temperatures, moisture, or direct sunlight for extended periods.
  - Regularly inspect the binoculars for any signs of damage or wear. Do not use damaged binoculars.
  - Report any unsafe products or accidents to local authorities.

## Specific Safety Precautions for Use

- When using the binoculars, please observe the following precautions:
  - Do not look directly at the sun through the binoculars, as this may cause permanent eye damage.
  - Use caution when adjusting the eyecups and diopter to avoid injury.
  - Ensure the binoculars are securely held to prevent dropping them.
  - When using in lowlight conditions, be cautious of your surroundings to avoid accidents.
  - Avoid using the binoculars while moving to prevent falls or collisions.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of your binoculars:

### 1. Initial Setup:

- Remove the binoculars from the packaging.
- Check for all included accessories, such as lens covers and neck strap.

### 2. Adjusting the Binoculars:

- To adjust the interpupillary distance, hold the binoculars and gently pull the two halves apart or push them together until you achieve a comfortable fit.
- Use the centerfocus wheel to adjust the focus for your left eye.
- Use the righteye diopter to finetune the focus for your right eye.

### 3. Using the Binoculars:

- Hold the binoculars with both hands, ensuring a firm grip.
- Look through the eyepieces and adjust the focus as needed.
- If wearing glasses, twist up the eyecups for comfortable viewing.

### 4. Cleaning and Maintenance:

- Use a soft, dry cloth to clean the exterior of the binoculars.

- For lens cleaning, use a lens cleaning solution and a microfiber cloth.
- Store the binoculars in a cool, dry place when not in use.

## **Disposal Instructions**

- When disposing of the binoculars, please consider the following:
  - Dispose of the binoculars in accordance with local waste disposal regulations.
  - If the binoculars are damaged beyond repair, ensure that they are recycled or disposed of in an environmentally friendly manner.
  - Remove any batteries or electronic components before disposal to prevent environmental harm.

## **Contact Information for Further Support**

- For any safety inquiries or support, please refer to the contact information provided in the product packaging or on the manufacturer's website.

Thank you for your attention to these safety instructions. Enjoy your Vortex Optics Raptor 10x32 binoculars safely and responsibly.
