

Viper HD Spotting Scope - VORTEX OPTICS Viper HD 85mm Spotting Scope - straight

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scopes](#)

The rugged Vortex Viper HD 20-60x80 Spotting Scope combines high density, extra-low dispersion glass with XR anti-reflective coatings to generate bright, true color images with crisp clarity at all magnifications, even in low light. Versatile magnification of the Viper allows viewing at a wide field-of-view at lower power, then to zoom in for a close up examination of distant targets. The Viper HD 20-60x80's dual controls provide precision focusing with both coarse and fine focus adjustments to pick out. Built for durability in all conditions and weather, scope has a rugged magnesium alloy body with a protective rubber armor, plus the argon filled, O-ring sealed tube ensures water and fogproof performance.

Choose straight or angled eyepiece A high end spotter without the high end price, the Vortex Viper HD 20-60x80 Spotting Scope lets you visually tear the landscape apart!

Porro prism system

Includes built in sunshade

VORTEX OPTICS Viper HD Spotting Scope Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Viper HD 85mm Spotting Scope. This guide provides essential safety instructions and operational guidelines to ensure the safe and effective use of your spotting scope. Please read this manual carefully to understand the necessary precautions and proper usage of the product.

General Safety Guidelines

- Always handle the spotting scope with care to avoid damage or injury.
- Ensure that the spotting scope is used only for its intended purpose: observing distant objects.
- Keep the spotting scope out of reach of children and pets to prevent accidents.
- Avoid using the spotting scope in extreme weather conditions that may cause damage.
- Regularly inspect the scope for any signs of wear or damage before use.
- If the spotting scope appears damaged or malfunctions, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Do not look directly at the sun through the spotting scope, as this can cause serious eye damage.
- Use the spotting scope on stable surfaces to prevent accidental falls.
- When adjusting the magnification, do so gradually to avoid sudden changes that may cause disorientation.
- Avoid touching the lenses with your fingers to prevent smudges and scratches.
- Ensure that the scope is securely mounted if using with a tripod or other support.
- Be aware of your surroundings to avoid potential hazards while using the spotting scope.

Instructions for Installation and Usage

1. Setup:

- Remove the spotting scope from its packaging carefully.
- Check the contents to ensure all parts are included.
- If using a tripod, attach the spotting scope securely to the tripod mount.

2. Adjusting the Eyepiece:

- Select either the straight or angled eyepiece based on your viewing preference.
- Adjust the eyepiece for comfortable viewing by rotating it into position.

3. Focusing:

- Use the dual controls for focusing:
 - Coarse focus: Rotate the larger knob for initial focusing.
 - Fine focus: Use the smaller knob for precise adjustments.

4. Magnification:

- Adjust the magnification by rotating the zoom ring.
- Start at a lower magnification for a wider field of view, then zoom in for detailed observation.

5. Using the Sunshade:

- Extend the builtin sunshade to reduce glare from sunlight during use.

6. Maintenance:

- Clean the lenses with a soft, lintfree cloth.
- Store the spotting scope in a dry place when not in use.

Disposal Instructions

- Dispose of the spotting scope and its components in accordance with local regulations.
- Do not dispose of electronic components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's website or contact their customer service directly.

By following these guidelines, you can ensure a safe and enjoyable experience with your VORTEX OPTICS Viper HD Spotting Scope. Thank you for your attention to these safety instructions. Enjoy your observations!
