

# Viper HD Spotting Scope - VORTEX OPTICS Viper HD 65mm Spotting Scope - angled

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scopes](#)

A high end spotter without the high end price, the Vortex Viper HD 15-45x65 Spotting Scope lets you visually pick apart the landscape! Versatile magnification gives the Viper a wide field-of-view at lower power, with the capability to zoom in for close up examination of distant targets.

The Viper HD 15-45x65's dual controls provide hair's-breadth, precise focus with both coarse and fine focus adjustments to pick out details. High density, extra-low dispersion glass combined with XR anti-reflective coatings generate bright, true color images with crisp clarity at all magnifications, even in low light.

Built for durability, the Vortex Viper HD 15-45x65 Spotting Scope has a magnesium alloy body with a protective rubber armor, plus the argon filled, O-ring sealed tube ensures water and fogproof performance in all weather.

Porro prism offers maximum image quality and performance in a traditional design

ArmorTek protective coating on all surface-to-air lenses

Includes built in sunshade, eyepiece and case

Choose straight or angled eyepiece

# VORTEX OPTICS Viper HD Spotting Scope Safety Instruction Guide

## Introduction

Thank you for purchasing the VORTEX OPTICS Viper HD 1545x65 Spotting Scope. This guide provides important safety information and instructions to ensure the safe and effective use of your spotting scope. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the spotting scope is used only for its intended purpose.
- Always inspect the spotting scope for any damage before use.
- Keep the spotting scope out of reach of children and pets when not in use.
- Avoid exposing the spotting scope to extreme temperatures or humidity.
- Do not attempt to disassemble or modify the spotting scope.

## Specific Safety Precautions for Use

- Use the spotting scope in a stable position to prevent it from falling.
- Do not look directly at the sun through the spotting scope, as this can cause serious eye damage.
- When using the spotting scope in low light conditions, ensure adequate visibility to avoid accidents.
- Be cautious when using the spotting scope in wet or slippery conditions to prevent falls.
- If you experience any discomfort or visual disturbances while using the spotting scope, discontinue use immediately.

## Instructions for Installation and Usage

### 1. Setup:

- Remove the spotting scope from the packaging and check for any visible damage.
- Attach the eyepiece securely to the scope if it is not already attached.
- Mount the spotting scope on a stable tripod or surface to ensure stability during use.

### 2. Focusing:

- Use the dual controls to adjust the focus. Start with the coarse focus to get a general view, then use the fine focus for precise adjustments.
- Adjust the magnification by rotating the zoom ring to the desired level between 15x and 45x.

### 3. Viewing:

- Position yourself comfortably behind the eyepiece, ensuring that your eyes are aligned with the lens.
- Adjust the eyepiece for optimal eye relief, ensuring a clear and comfortable view.

### 4. Storage:

- After use, clean the lenses with a soft, lintfree cloth to remove dust and fingerprints.
- Store the spotting scope in a dry place, preferably in its protective case.
- Ensure that the sunshade is retracted before storing.

## **Disposal Instructions**

- Dispose of the spotting scope in accordance with local regulations for electronic waste.
- Remove batteries (if applicable) and dispose of them separately according to local guidelines.
- Do not throw the spotting scope in the regular household trash.

## **Contact Information for Further Support**

For safety inquiries or to report any issues related to the VORTEX OPTICS Viper HD Spotting Scope, please refer to the contact information provided in the product packaging or on the manufacturer's website.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your VORTEX OPTICS Viper HD 1545x65 Spotting Scope. Thank you for choosing Vortex Optics, and enjoy your spotting adventures!
