

High Country Tripod

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scope Accessories](#)

The Vortex High Country Tripod is a lightweight, stable optics platform that won't weigh you down when you're hiking or hunting the backcountry. Adjustable legs let you set the Vortex High Country Tripod up on uneven terrain or raise it up and down for the exact height you need. Able to accommodate optics weighing up to 5 lbs., the Vortex High Country Tripod uses a compact ball head that lets you set up in any position and can smoothly scan an area.

Holds optics weighing up to 5 lbs
Adjusts from 15" to 52.3" high
Quick release plate
Weighs 2.2 lbs

VORTEX OPTICS High Country Tripod Safety Instructions

Introduction

Thank you for choosing the Vortex High Country Tripod. This guide provides important safety information, usage instructions, and disposal guidelines to ensure your safe and enjoyable experience with this product. Please read this manual carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the tripod in all conditions. Avoid using it in adverse weather conditions that may compromise stability.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. You can check the EU's Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements as per EU regulations.
- **Special Consumer Focus:** Keep the tripod out of reach of children to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Weight Limit:** Do not exceed the maximum weight limit of 5 lbs for optics mounted on the tripod to avoid instability or damage.
- **Setup on Uneven Terrain:** Ensure all legs are securely adjusted and locked before use, especially on uneven surfaces.
- **Height Adjustment:** Adjust the tripod height carefully, ensuring that all locking mechanisms are firmly engaged.
- **Ball Head Use:** When using the compact ball head, ensure it is tightened appropriately to prevent equipment from slipping.
- **Weather Conditions:** Avoid using the tripod in strong winds or storms, as this may lead to tipping or loss of control.
- **Transporting the Tripod:** When carrying the tripod, collapse the legs and secure it to prevent accidental opening or damage.

Instructions for Installation and Usage

1. **Unpacking the Tripod:** Carefully remove the tripod from its packaging. Inspect for any visible damage or missing parts.
2. **Setting Up the Tripod:**
 - Extend the legs to the desired height, ensuring that each leg is locked in place.
 - Adjust the angle of each leg for stability on uneven ground.
3. **Mounting Optics:**
 - Attach the optics using the quickrelease plate. Ensure it is securely fastened.
 - Check that the optics are balanced and stable before use.
4. **Adjusting the Ball Head:**
 - Loosen the ball head adjustment knob to position the optics as needed.
 - Tighten the knob to secure the optics in place once positioned.
5. **Using the Tripod:**
 - Once set up, ensure that the tripod is stable before using your optics.
 - Always monitor the tripod and optics for stability during use.

Disposal Instructions

- **Disposal of the Tripod:** When the tripod reaches the end of its life, dispose of it in accordance with local waste management regulations.
- **Recycling:** If possible, recycle any metal, plastic, or other materials according to local guidelines.
- **Environmental Considerations:** Do not dispose of the tripod in regular household waste. Follow applicable environmental laws for disposal.
