## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

The 3005 series is optimized for the transportation by airplane.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

# RED 7814 EXPLORER CASES Safety Instructions

## Introduction

Thank you for choosing the RED 7814 EXPLORER CASES. This product is designed to provide the highest level of protection for your valuable equipment. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the case is used only for its intended purpose.
- Always inspect the case for damage before use. Do not use if any part is broken or missing.
- Keep the case out of reach of children and vulnerable individuals to prevent accidents.
- Store the case in a dry place to avoid corrosion or damage to the materials.
- Always follow local laws and regulations regarding the transportation and storage of weapons or sensitive equipment.

## Specific Safety Precautions for Use

- **Weight Considerations:** The case weighs 6.40 kg (5.50 kg without inlay). Ensure that you can safely lift and carry this weight.
- **Water Resistance:** While the case is designed to be waterresistant, avoid prolonged exposure to water. Always check the O-ring gasket for integrity before use.
- **Air Pressure:** The case is equipped with a manual air pressure release valve. Use this feature when transporting the case by airplane to avoid pressure buildup.
- **Locking Mechanisms:** Always secure the case with the locking latches when not in use to prevent unauthorized access.
- **Foam Inlay:** The convoluted foam inlay is designed for protection. Ensure that your items are properly placed and secured within the foam to avoid shifting during transport.

## Instructions for Installation and Usage

### 1. Opening the Case:

- Use the large front handle to lift the case.
- Release the locking latches carefully to open the lid.
- Ensure that the lid stays open securely due to the lid stay feature.

### 2. Storing Items:

- Place your items within the convoluted foam inlay, ensuring they fit snugly.
- Use the optional internal brackets or mounting rings if necessary for added security.
- Label your equipment using the waterproof removable label provided.

### 3. Closing the Case:

- Close the lid gently and ensure that it aligns properly.
- Secure the locking latches to ensure the case is tightly closed.
- If transporting by airplane, use the air pressure release valve before closing the case.

### 4. Transporting the Case:

- Carry the case using the front handle or attach optional shoulder straps for ease of transport.
- Ensure that the case is secured and stable during transport.

## **Disposal Instructions**

- Dispose of the case in accordance with local regulations.
- If the case is damaged beyond repair, check with local waste management for proper disposal methods.
- Recycle materials where possible, particularly polypropylene components.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the RED 7814 EXPLORER CASES, please refer to the EUbased contact point as indicated on the product packaging or accompanying documentation.

By following these safety instructions, you can ensure the safe and effective use of your RED 7814 EXPLORER CASES. Thank you for your attention to safety and for choosing our product.
