Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The 3005 series is optimized for the transportation by airplane.

Safety Instruction Guide for the 3005 mil. green EXPLORER CASES

Introduction

Thank you for choosing the 3005 mil. green EXPLORER CASES. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your product. Please read this document thoroughly before using the case to protect your valuable equipment effectively.

General Safety Guidelines

- **Product Safety:** This product is designed to ensure safe use for nonfood items, including new technologies and online purchases. It complies with the EU General Product Safety Regulation (GPSR).
- **Enhanced Recalls:** Stay informed about any recalls. If a product is found to be dangerous, standardized recall notices will be provided, along with free remedies.
- **Online Shopping:** When purchasing online, you are entitled to the same safety protections as when buying in physical stores. Ensure that the online platform meets safety requirements.
- **Special Consumer Focus:** Extra care is taken to protect vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, ensure you have access to an EU-based contact.
- **Rapid Alerts:** Updates on unsafe products will be communicated quickly through the Safety Gate system.

Specific Safety Precautions for Use

- **Handling:** Always handle the case with care to prevent accidents. Ensure that the case is closed securely before transport.
- **Weight Limit:** Do not exceed the weight capacity of the case. The empty weight is 1.10 kg; consider the weight of the contents when packing.
- **Water Resistance:** While the case is designed to be water-resistant, avoid prolonged exposure to water to maintain its integrity.
- **Air Pressure:** Use the manual air pressure release valve when closing the case after transporting it at high altitudes or in varying pressure conditions.
- **Child Safety:** Keep the case out of reach of children to prevent accidental opening or misuse.

Instructions for Installation and Usage

1. **Unpacking:** Carefully remove the case from its packaging. Inspect for any visible damage.
2. **Internal Configuration:**
 - Utilize the PreCube Foam for optimal organization. Cutouts are provided for optional internal brackets or mounting rings.
 - Arrange your equipment according to your specific needs, ensuring that everything is securely placed.
3. **Transporting the Case:**
 - Use the large front handle for traditional carrying.
 - Optionally, attach shoulder straps for ease of transport.
4. **Locking Mechanism:**
 - Ensure that the locking latches are engaged when the case is closed to provide maximum security.
5. **Air Pressure Release:**
 - Before opening the case at lower altitudes, use the air pressure release valve to avoid pressure-related issues.

Disposal Instructions

- **Environmental Considerations:** Dispose of the case responsibly. Follow local regulations for disposal of polypropylene materials.
- **Recycling:** If possible, recycle the case. Check with your local recycling center for guidelines on polypropylene recycling.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your 3005 mil. green EXPLORER CASES, please refer to the relevant EUbased contact point for assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and the protection of your equipment are our top priorities. Enjoy your product!
