Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The 3005 series is optimized for the transportation by airplane.

Safety Instruction Guide for the 3005 Orange Explorer Cases

Introduction

Thank you for choosing the 3005 Orange Explorer Cases. This case is designed to provide the best protection for your valuable equipment. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always inspect the case for any visible damage before use.
- Ensure that the case is locked securely when transporting your equipment.
- Avoid exposing the case to extreme temperatures or harsh environmental conditions.
- Keep the case out of reach of children and vulnerable individuals unless supervised.
- Regularly check for updates on product safety and recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The case may contain sharp edges. Handle with care.
 - The case is designed for carrying equipment. Do not exceed the maximum weight limit of 1.20 kg.
 - Ensure that the locking latches are functioning properly to avoid accidental opening.
- **Avoiding Hazards:**
 - Always use the provided handles or straps for transport.
 - Do not place heavy objects on top of the case.
 - Ensure that the air pressure release valve is not obstructed during transport.
- **AgeSpecific Warnings:**
 - This product is not intended for children under 14 years of age. Keep out of reach of children.

Instructions for Installation and Usage

- **Initial Setup:**
 - Remove the case from packaging and inspect for any damage.
 - Ensure that all components, including the convoluted foam inlay, are intact.
- **Using the Case:**
 - Open the case by releasing the locking latches.
 - Place your equipment inside the case, ensuring it is securely positioned within the foam inlay.
 - Close the lid and ensure that the locking latches are securely fastened.
 - If using shoulder straps, attach them to the designated points on the case.
- **Transportation:**
 - Carry the case using the large front handle or the optional shoulder straps.
 - When traveling by airplane, ensure the case is compliant with airline regulations.

Disposal Instructions

- Dispose of the case in accordance with local regulations.
- If the case is damaged beyond repair, consider recycling components where possible.
- Do not dispose of the case in household waste.

Contact Information for Further Support

For any safety inquiries, please refer to the official contact points provided by the manufacturer. Ensure to have the product information ready for a more efficient response.

Thank you for your attention to these safety instructions. Proper usage and care will ensure the longevity and effectiveness of your 3005 Orange Explorer Cases.
