

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA LH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide thoroughly before installation and use.

## General Safety Guidelines

- Always read and understand the manufacturer's instructions before using the MDT ACC Chassis System.
- Ensure that all components are securely attached before handling the chassis system.
- Be aware of your surroundings when using the chassis system, and ensure that no one is in the vicinity of your shooting area.
- Regularly inspect the chassis system for any signs of wear or damage, and do not use if any issues are detected.
- Always handle firearms with care and follow all local laws and regulations regarding firearm safety.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before installing or making adjustments to the chassis system.
- Use the integrated weight management system carefully to avoid exceeding the recommended maximum weight of 5.6 kg for the chassis alone.
- When adding weights, ensure they are securely fastened to prevent them from falling off during use.
- Always use AICS style magazines that are compatible with the chassis system. Ensure they are properly seated before use.
- The MDT Elite Grip should be used according to the manufacturer's instructions to maintain control and safety while handling the rifle.
- If using the adjustable stock feature, make sure it is locked securely in place before use.

## Instructions for Installation and Usage

### 1. Installation of the Chassis:

- Ensure the rifle is unloaded.
- Remove the original stock from the Remington 700.
- Align the action of the Remington 700 with the MDT ACC Chassis System.
- Securely attach the action to the chassis using the provided screws and tools.
- Ensure that the chassis is properly aligned and tightened.

### 2. Adjusting the Weight Management System:

- Identify the areas of the chassis where weights can be added (buttstock, interior forend, exterior forend).
- Select the appropriate weights for your desired configuration.
- Attach the weights securely using the provided tools, ensuring they are fastened tightly.

### 3. Using the Chassis:

- Once installed, check that all components are secure before use.
- Adjust the MDT Elite Grip and stock to your preferred positions.
- Conduct a safety check to ensure the rifle is functioning properly.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local recycling guidelines.
- When disposing of the chassis system or any components, follow local regulations for electronic waste and materials.
- Ensure that any attached weights or components are removed before disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT ACC Chassis System, please refer to the manufacturer's website or customer service for assistance.

## **Reporting Unsafe Products**

- If you encounter any unsafe conditions or incidents involving the MDT ACC Chassis System, report them to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our priority. Enjoy your shooting experience with the MDT ACC Chassis System!
