

# ACC Chassis System Kit Savage - MDT ACC Chassis System Savage LA CIP 338 Lapua Magnum RH Black

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.
- Savage 338 Lapua requires MDT 3.85" magazines.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide thoroughly to understand how to use and maintain your chassis system safely.

## General Safety Guidelines

- Ensure the product is suitable for your firearm and intended use.
- Always handle firearms with care and follow standard firearm safety rules.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly inspect your chassis system for any signs of wear or damage.
- Store the chassis system in a secure place, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Weight Management:** The chassis system allows for weight adjustments. Ensure weights are securely attached before use to prevent accidents.
- **Compatibility:** Only use AICS style magazines (sold separately) with this chassis system. Ensure they are properly seated in the magazine well.
- **Shooting Position:** Use the chassis in a stable shooting position to maintain control and accuracy.
- **Environmental Awareness:** Avoid using the chassis in wet or slippery conditions to prevent accidents.
- **Personal Protective Equipment:** Always wear appropriate eye and ear protection when shooting.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the chassis system from its packaging.
- Ensure all components are present: chassis, MDT Elite Grip, adjustable stock, and weights.
- Attach the chassis to your firearm according to the manufacturer's instructions.
- Securely fasten all screws and bolts to ensure stability.
- Add weights as needed for balance, ensuring they are tightly secured.

### 2. Usage:

- Adjust the stock to your preferred length of pull using the MDT's proprietary XTN buttstock interface.
- Ensure the rifle is unloaded before making any adjustments.
- Practice shooting in a controlled environment to familiarize yourself with the chassis system's handling and balance.
- Regularly check the tightness of all components before each use.

## Disposal Instructions

- Dispose of the chassis system in accordance with local regulations.
- If the product is no longer usable, consider recycling where facilities exist.
- Do not dispose of the chassis system in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for prioritizing safety while using the MDT ACC Chassis System Kit. Enjoy your shooting experience responsibly!
