

ACC Chassis System Kit Ultimatum Deadline - MDT ACC Chassis System Ultimatum Deadline SA RH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

MDT ACC Chassis System Kit Safety Instructions

Introduction

Thank you for choosing the MDT ACC Chassis System Kit. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in the product description.
- Always inspect the chassis and its components for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed on recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Weight Management:** The adjustable weights can significantly alter the balance and handling of your rifle. Make sure to secure all weights properly to avoid accidents.
- **Compatibility:** Ensure that all components used with the chassis, including the action, barrel, scope, and accessories, are compatible and securely attached.
- **Handling:** Always treat your firearm with care and respect. Keep the muzzle pointed in a safe direction at all times.
- **Shooting Environment:** Only use the chassis system in a safe and controlled environment, following all local laws and regulations regarding firearm use.

Instructions for Installation and Usage

1. Installation of Weights:

- Identify the location for weight adjustment (buttstock, interior forend, or exterior forend).
- Remove the cover or access panel to expose the weight compartments.
- Add or remove weights as needed, ensuring they are securely fastened.
- Replace the cover or access panel.

2. Attachment of Accessories:

- Use the provided ARCA/RRS dovetail for attaching accessories.
- Secure the retention screw to prevent accessories from falling off during use.

3. Adjusting the Buttstock:

- Utilize the MDT's proprietary XTN buttstock interface for adjustments.
- Ensure the stock is locked in place before use.

4. Magazine Compatibility:

- Ensure you are using AICS style magazines, which are sold separately.
- Check the magazine fit and function before live firing.

Disposal Instructions

- Dispose of the product in accordance with local regulations.

- Do not dispose of the chassis in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.

Contact Information for Further Support

For additional support, please refer to the manufacturer's website or contact your local retailer.

Thank you for following these safety instructions. Your safety and the safety of others is our top priority. Enjoy your shooting experience with the MDT ACC Chassis System Kit.
