

Adjustable Vertical Pistol Grip - MDT Accessories - Vertical Grip - Premier - Standard - Black

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

Proper finger and hand placement are crucial for precision marksmanship. Due to varying hand size, marksmen often struggle with finger placement on the trigger. Not anymore. Fore and aft adjustment allows for perfect finger placement, and the vertical grip facilitates a straight pull on the trigger. Easily adjustable. Realizing that the vertical grip orientation is the preferred position for some competition shooters, we at MDT have created our Adjustable Vertical Grip, consisting of a machined core and two polymer side panels. The panels are removable and hold a similar shape to our original MDT Pistol Grip to provide comfort and hand support whether shooting prone or in position. With our usual theme of modularity, these panels have been designed to slide forward and back allowing shooters to custom fit the grip to their liking. MDT's vertical grip is compatible with any chassis in our product line and many from other manufacturers as well.

MDT Adjustable Vertical Pistol Grip Safety Instructions

Introduction

Thank you for choosing the MDT Adjustable Vertical Pistol Grip. This product is designed to enhance your shooting experience by providing optimal finger placement and comfort. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle firearms with care and follow all local laws and regulations regarding firearm use.
- Ensure that the MDT Adjustable Vertical Pistol Grip is securely attached to your firearm before use.
- Regularly inspect the grip for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Store the grip and your firearm in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure you are in a safe environment when handling firearms.

Specific Safety Precautions for Use

- Use the grip only for its intended purpose as specified in the product description.
- Ensure your hands are dry and clean when using the grip to prevent slipping.
- Adjust the grip to fit your hand size before using it to ensure proper finger placement.
- Do not force the grip into a position that feels uncomfortable or unnatural.
- If you experience discomfort or pain while using the grip, stop using it immediately and consult a qualified professional.

Instructions for Installation and Usage

1. Installation

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove the existing grip from the firearm if applicable.
- Align the MDT Adjustable Vertical Pistol Grip with the mounting point on your firearm.
- Secure the grip using the provided screws or mounting hardware, ensuring it is tightly fastened.
- Check that the grip is firmly attached before handling the firearm.

2. Usage

- Hold the grip firmly with your dominant hand.
- Adjust the grip by sliding the polymer side panels forward or backward to achieve a comfortable and secure fit.
- Practice proper finger placement on the trigger to ensure precision marksmanship.
- When shooting, maintain a stable stance and be aware of your surroundings.

Disposal Instructions

- Dispose of the MDT Adjustable Vertical Pistol Grip in accordance with local regulations.
- If the grip is damaged beyond repair, consider recycling it if possible.
- Do not dispose of the grip in regular household waste.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MDT Adjustable Vertical Pistol Grip, please consult the manufacturer or your local dealer. Always ensure you have the latest information regarding product recalls or safety updates.

By following these guidelines, you can ensure a safer and more enjoyable shooting experience with your MDT Adjustable Vertical Pistol Grip. Thank you for prioritizing safety.
