

Metal Magazine - MDT Magazine - Metal - SA - .308 w/ Binder plate - 10 Round - BLK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

MDT AICS-pattern metal magazines are manufactured from high strength steel, nitride-finished and coated with Cerakote Elite for ultimate durability and performance. The short action magazines are offered for .308 Win and 6.5 Creedmoor family cartridges, and are available in 5-round, 10-round and 12 round capacity. The 308 based magazines are available with or without the front binder plate. Without a binder plate you get a longer COL (2.960" vs 2.870"), but they may require modification to the feed ramp of the receiver. Check if your action would be able to feed 2.960" long cartridges, or have it modified if you want to use magazines without binder plates.

MDT Metal Magazine Safety Instruction Guide

Introduction

Thank you for choosing the MDT Metal Magazine. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your magazine. Please read this document carefully before use.

General Safety Guidelines

- Ensure that you are familiar with the local laws and regulations regarding the use of firearms and ammunition.
- Always handle firearms and magazines with care, treating them as if they are loaded at all times.
- Store magazines out of reach of children and unauthorized users.
- Regularly inspect the magazine for signs of wear, damage, or corrosion before use.
- Do not attempt to modify the magazine or its components unless you are a qualified gunsmith.

Specific Safety Precautions for Use

- Use only compatible ammunition as specified: .308 Winchester and 6.5 Creedmoor family cartridges.
- Ensure that the magazine is properly seated in the firearm before use.
- Avoid using magazines without a binder plate if your firearm is not modified to accommodate longer cartridges (2.960").
- Always check the magazine for proper feeding before engaging in shooting activities.
- Do not overload the magazine beyond its specified capacity of 10 rounds.
- Be cautious of potential pinch points when loading and unloading the magazine.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly until it clicks into place.
- Verify that the magazine is securely attached before proceeding.

2. Usage:

- Load the magazine by placing rounds into the magazine feed lips.
- Ensure that the rounds are seated properly and not protruding from the magazine.
- Insert the loaded magazine into the firearm as described in the installation section.
- To unload, remove the magazine from the firearm and carefully extract the rounds.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer usable, consider recycling the metal components where possible.
- Do not dispose of magazines in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MDT Metal Magazine, please refer to the appropriate contact channels as specified by the manufacturer. Always ensure you are reaching out to a verified and authorized

source for assistance.

By following these guidelines, you can ensure the safe and effective use of your MDT Metal Magazine. Always prioritize safety and responsible handling practices.
