

# CKYE-POD Gen2 Bipods - MDT CKYE-POD Gen2 Bipod, Arca RH - Standard

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

If you're a hunter or a match shooter looking for a game-changing piece of gear, look no further than the MDT Bipod. Quality craftsmanship and fast, simple, one-handed adjustments make this bipod the ultimate platform for stability and versatility. This bipod is a true work of art, featuring 3 locking positions from front to back - stowed, angled and down. MDT CKYE-POD is in a league of its own with quick single-handed adjustable height, allowing you to achieve from 4.5" to 15.5", paired with 170 degrees of cant, 360 degrees of pan capability (sling swivel stud version does not pan), and an integrated barricade stop. Mix and match the independent leg heights and angles to create the perfect shooting position, every time.

# MDT CKYEPOD Gen2 Bipod Safety Instruction Guide

## Introduction

Thank you for choosing the MDT CKYEPOD Gen2 Bipod. This bipod is designed for hunters and match shooters seeking stability and versatility in their shooting platform. To ensure a safe and effective experience, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always inspect the bipod for any damage or defects before use.
- Ensure that the bipod is properly secured to your firearm before shooting.
- Use the bipod only for its intended purpose. Do not modify or alter the bipod in any way.
- Keep the bipod away from children and unauthorized users.
- Be aware of your surroundings when using the bipod, and ensure that you have a clear line of sight.

## Specific Safety Precautions for Use

- Check that the locking positions (stowed, angled, down) are securely engaged before use.
- Avoid using the bipod in wet or slippery conditions that may affect stability.
- When adjusting the height of the bipod, do so slowly and carefully to avoid sudden movements.
- Do not exceed the maximum height of 15.5 inches to maintain stability.
- Always ensure that the bipod is stable and secure before taking a shot.

## Instructions for Installation and Usage

### 1. Installation

- Attach the bipod to the sling swivel stud on your firearm.
- Ensure that the bipod is securely fastened and that there is no wobble.

### 2. Height Adjustment

- To adjust the height, unlock the adjustment mechanism using one hand.
- Raise or lower the bipod leg to the desired height (between 4.5 inches to 15.5 inches).
- Lock the adjustment mechanism securely in place.

### 3. Positioning

- Choose your shooting angle and lock the bipod in the desired position.
- Utilize the 170 degrees of cant and 360 degrees of pan capability (if applicable) to find the best shooting position.

### 4. Stowing the Bipod

- To stow the bipod, return the legs to the stowed position and ensure they are locked securely.

## Disposal Instructions

When the MDT CKYEPOD Gen2 Bipod has reached the end of its life cycle, please dispose of it in accordance with local regulations. Do not dispose of the bipod in regular household waste. Instead, consider recycling options available in your area.

## **Contact Information for Further Support**

For safety inquiries or support related to the MDT CKYEPOD Gen2 Bipod, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT CKYEPOD Gen2 Bipod. Always prioritize safety and responsible usage. Thank you for choosing MDT.
