

# Long Rail with Night Vision Mount Rem 700 SA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

MDT Picatinny Scope Base with Night Vision Mount is specifically designed to make the mounting of your optics and night vision (NV), lighting or infrared (IR) accessories easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The rails are profiled to allow the back section of the rail to be mounted flush on the receiver while the front section of the rail is free-floating over the barrel. Both rear and front top rail sections are machined in parallel planes and the front section of the rail sits lower to accommodate installation of optics with larger objectives. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# MDT Long Rail with Night Vision Mount Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Long Rail with Night Vision Mount for your Remington 700 Short Action rifle. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this manual carefully and retain it for future reference.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always handle firearms and related accessories with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Do not attempt to modify or alter the product in any way.
- If you notice any issues or defects, cease use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before attaching or detaching the rail.
- Use appropriate eye and ear protection when using firearms equipped with this rail.
- Avoid using the rail in extreme weather conditions that may affect its performance.
- Ensure that the rail is securely mounted before using your firearm to prevent accidents.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### Installation Instructions

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a screwdriver and any required mounting hardware.
2. **Prepare the Firearm:** Ensure the firearm is unloaded and pointed in a safe direction.
3. **Position the Rail:** Align the MDT Long Rail with the mounting points on the receiver of your Remington 700 SA.
4. **Secure the Rail:** Using the provided screws, secure the rail to the receiver. Ensure that it is tight but do not overtighten, as this may damage the rail or the firearm.
5. **Check Alignment:** Ensure that the rail is level and properly aligned.
6. **Attach Optics:** Once the rail is securely mounted, you may attach your optics or night vision devices as per the manufacturer's instructions.

### Usage Instructions

- After installation, check the stability of the rail before each use.
- Regularly clean the rail and mounting points to prevent dirt and debris from affecting performance.
- When using night vision or IR devices, familiarize yourself with their specific usage and handling instructions.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged or no longer usable, contact local waste management for proper disposal.

methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or installation of the MDT Long Rail with Night Vision Mount, please refer to the manufacturer's contact information provided with your product packaging.

This guide is designed to ensure the safe and effective use of your MDT Long Rail with Night Vision Mount. By following these instructions, you can help prevent accidents and ensure a positive experience with your firearm accessories.
