

# One Piece Mount, 34mm tube diameter - MDT Accessories - Scope Rings - One Piece Mount - 34mm - Low - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Achieve unparalleled performance in rigidity and repeatability for your precision rifle optic with the MDT One-Piece Scope Mount. It offers a much larger surface area for mounting, which translates to a more rigid platform helping to ensure you don't lose your zero. Includes a set of MDT Accessory Scope Ring Caps allowing the attachment of rails, RDS plates and more to your scope mount. The four cross bolts that are used to clamp the mount to a picatinny base have a specific tightening order engraved onto the mounts clamp. When followed correctly, the mount will be able to transfer your scope from platform-to-platform with better repeatability and less "zero offset". It is recommended that the side nuts be torqued to 60-65 in/lbs for best repeatability results.

# MDT One Piece Mount Safety Instruction Guide

## Introduction

Thank you for choosing the MDT One Piece Mount. This guide provides important safety instructions and guidelines to ensure the safe installation and use of your scope mount. Please read this document carefully before use to maximize your safety and the performance of your product.

## General Safety Guidelines

- Ensure that the MDT One Piece Mount is used only for its intended purpose.
- Always check the compatibility of the mount with your specific scope and rifle setup.
- Inspect the mount for any signs of damage or wear before each use.
- Do not exceed the recommended torque specifications during installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents related to the product to the appropriate authorities.

## Specific Safety Precautions for Use

- Always follow the specific tightening order engraved on the mount's clamp to ensure proper installation.
- Torque the side nuts to 6065 in/lbs for optimal performance and repeatability.
- Avoid using the mount in extreme conditions that may compromise its integrity.
- Do not attempt to modify or alter the mount in any way.
- Ensure that all accessories and attachments are securely fastened before use.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench, to ensure proper installation.
- Ensure that your rifle is unloaded and pointed in a safe direction during installation.

### 2. Installation Steps

- Align the MDT One Piece Mount with the Picatinny rail on your rifle.
- Position the mount so that the engraved tightening order is easily visible.
- Insert the cross bolts through the mount and into the Picatinny rail.
- Begin tightening the bolts in the specified order. Ensure you do not overtighten.
- Use a torque wrench to tighten the side nuts to the recommended 6065 in/lbs.

### 3. Usage Guidelines

- After installation, check the mount for stability and security before heading to the range or field.
- Regularly inspect the mount during use to ensure it remains secure and functional.
- If you experience any issues with zeroing your optic, recheck the installation and torque settings.

## Disposal Instructions

- Dispose of the MDT One Piece Mount in accordance with local regulations for metal products.
- Do not dispose of the mount in regular household waste if it can be recycled.
- Check with local recycling programs for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the MDT One Piece Mount, please reach out to your place of purchase or consult the manufacturer's website for more information.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your MDT One Piece Mount!
