

One Piece Mount, 35mm tube diameter - MDT Accessories - Scope Rings - One Piece Mount - 35mm - Low - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Achieve unparalleled performance in rigidity and repeatability for your precision rifle optic with the MDT One-Piece Scope Mount. It offers a much larger surface area for mounting, which translates to a more rigid platform helping to ensure you don't lose your zero. Includes a set of MDT Accessory Scope Ring Caps allowing the attachment of rails, RDS plates and more to your scope mount. The four cross bolts that are used to clamp the mount to a picatinny base have a specific tightening order engraved onto the mounts clamp. When followed correctly, the mount will be able to transfer your scope from platform-to-platform with better repeatability and less "zero offset". It is recommended that the side nuts be torqued to 60-65 in/lbs for best repeatability results.

MDT One Piece Mount Safety Instruction Guide

Introduction

Thank you for choosing the MDT One Piece Mount. This guide provides essential safety information and instructions to ensure the safe and effective use of your mount. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the mount is compatible with your rifle and scope before use.
- Always inspect the mount for any signs of damage before installation.
- Use only the recommended torque specifications when tightening components.
- Keep the mount and its components out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended torque of 6065 in/lbs on the side nuts to prevent damage.
- Ensure that the mount is securely attached to the Picatinny base before using your rifle.
- Avoid using the mount under extreme conditions that may compromise its integrity.
- Regularly check the mount for tightness and overall condition, especially after heavy use.
- Do not modify the mount in any way, as alterations may affect safety and performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench.
- Ensure your rifle is unloaded and pointed in a safe direction during installation.

2. Installation:

- Place the MDT One Piece Mount on the Picatinny base.
- Align the mount with the desired position on the rail.
- Insert and handtighten the four cross bolts to secure the mount in place.

3. Tightening:

- Follow the engraved tightening order on the mount's clamp.
- Use a torque wrench to tighten the side nuts to 6065 in/lbs.
- Recheck the tightness of all bolts after installation.

4. Using the Mount:

- Attach your scope securely to the mount.
- Confirm that the scope is properly aligned and that there is no movement when adjusted.
- Always check for zero after transferring the scope between different platforms.

Disposal Instructions

- Dispose of the mount and its components in accordance with local regulations.
- Do not dispose of the mount in regular household waste if it contains materials that require special handling.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please contact the manufacturer or your local retailer.

Thank you for following these guidelines. Your safety is paramount, and we appreciate your commitment to using the MDT One Piece Mount responsibly.
