

# One Piece Mount, 35mm tube diameter, medium 1.34"

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Achieve unparalleled performance in rigidity and repeatability for your precision rifle optic with the MDT One-Piece Scope Mount. It offers a much larger surface area for mounting, which translates to a more rigid platform helping to ensure you don't lose your zero. Includes a set of MDT Accessory Scope Ring Caps allowing the attachment of rails, RDS plates and more to your scope mount. The four cross bolts that are used to clamp the mount to a picatinny base have a specific tightening order engraved onto the mounts clamp. When followed correctly, the mount will be able to transfer your scope from platform-to-platform with better repeatability and less "zero offset". It is recommended that the side nuts be torqued to 60-65 in/lbs for best repeatability results.

# MDT One Piece Mount Safety Instruction Guide

## Introduction

Thank you for choosing the MDT One Piece Mount. This guide provides important safety information and instructions to ensure the safe use and installation of your scope mount. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the mount for any signs of damage or wear.
- Keep the mount out of reach of children and vulnerable individuals.
- Do not modify the mount in any way, as this could compromise safety.
- Always follow local laws and regulations regarding the use of firearm accessories.
- In case of any accidents or unsafe conditions, report them to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the mount is compatible with your scope and rifle before installation.
- Always use the recommended torque specifications (6065 in/lbs) when tightening the side nuts.
- Follow the specific tightening order engraved on the mount to ensure proper installation.
- Avoid overtightening, which can damage the mount or the scope.
- If you experience any issues with the mount, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench.
- Ensure your workspace is clean and free from distractions.

### 2. Installation Steps

- Position the MDT One Piece Mount onto the picatinny base of your rifle.
- Align the mount with the desired position for your scope.
- Insert the cross bolts through the mount and into the picatinny base.
- Follow the engraved tightening order on the mount:
  - Tighten the first cross bolt to the recommended torque.
  - Move to the second cross bolt and tighten it.
  - Continue this process until all bolts are securely tightened.

### 3. Scope Attachment

- Place your scope into the mount.
- Use the MDT Accessory Scope Ring Caps to secure the scope in place.
- Ensure the scope is level and properly aligned with your shooting position.

### 4. Final Check

- Doublecheck all bolts and screws for tightness.
- Ensure that the scope is securely mounted and does not move or shift.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- If the product is no longer usable, consider recycling materials where possible.
- Do not dispose of the mount in household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any inquiries or support regarding the MDT One Piece Mount, please consult the manufacturer's website or customer service resources.

Thank you for your attention to these safety guidelines. Enjoy the enhanced performance and reliability of your MDT One Piece Mount.
