

Elite Scope Rings, 30mm tube diameter - MDT Accessories - Scope Rings - Elite - 30mm - X-High (1.50in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. These scope rings are designed to provide a secure and lightweight mounting solution for your optics. This guide provides essential safety instructions to ensure safe use and optimal performance of the product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the MDT Elite Scope Rings are compatible with your optic and mounting system.
- Always inspect the scope rings and mounting system for any signs of damage or wear before use.
- Use the scope rings only for their intended purpose as specified in this guide.
- Keep the scope rings and all related equipment out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation Surface:** Ensure that the mounting surface is clean and free of debris before installation.
- **Torque Specifications:** Adhere to the manufacturer's torque specifications to avoid overtightening, which may damage the scope or rings.
- **Bubble Level:** Utilize the builtin bubble level to ensure proper alignment of your optic.
- **Compatibility Check:** Ensure that the scope rings fit securely onto the Picatinny rail and do not wobble or shift during use.
- **Weight Limit:** Be aware of the weight limit of the scope rings to prevent failure during use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and any required screws or mounts.
- Verify that the MDT Elite Scope Rings are suitable for your optic and mounting system.

2. Installation:

- Clean the mounting surface on the Picatinny rail.
- Position the scope rings on the rail at your desired location.
- Insert the screws into the scope rings and handtighten them to hold the rings in place.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque setting. Refer to your optic's manual for specific torque specifications.

3. Alignment:

- Place your optic into the mounted scope rings.
- Adjust the optic to ensure it is level using the builtin bubble level.
- Once aligned, secure the optic by tightening the rings according to the manufacturer's specifications.

4. Final Check:

- After installation, check the stability of the optic and ensure that there is no movement.
- Conduct a visual inspection for any signs of wear or damage.

Disposal Instructions

- Dispose of the MDT Elite Scope Rings according to local regulations regarding electronic and metal waste.
- Do not dispose of the product in household waste. Check for recycling programs in your area.

Contact Information for Further Support

For any questions or concerns regarding the MDT Elite Scope Rings, please refer to the manufacturer's website or customer service for assistance. It is important to address any issues promptly to ensure safe use of the product.

Thank you for your attention to these safety instructions. Enjoy your experience with the MDT Elite Scope Rings and ensure safe and effective use!
