

Elite Scope Rings, 34mm tube diameter - MDT Accessories - Scope Rings - Elite - 34mm - High (1.25in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. This guide provides important safety information and instructions for the safe use and installation of your scope rings. Please read this guide carefully to ensure a safe and effective experience with your product.

General Safety Guidelines

- Ensure that the scope rings are compatible with your optics and mounting system.
- Always inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the scope rings only as intended. Do not modify or alter the product.
- Ensure that the mounting surface is clean and free from debris before installation.
- Do not exceed the recommended torque settings when tightening the scope rings.
- Avoid exposing the scope rings to extreme temperatures or harsh chemicals.
- If you experience any difficulty during installation or use, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Prepare for Installation

- Gather necessary tools: a torque wrench and appropriate screwdrivers.
- Ensure you have a clean, welllit workspace.

2. Mounting the Scope Rings

- Place the scope base rail on a stable surface.
- Align the MDT Elite Scope Rings with the mounting holes on the base rail.
- Insert screws into the holes of the scope rings and handtighten.

3. Securing the Scope Rings

- Use a torque wrench to tighten the screws according to the manufacturer's recommended torque settings. This ensures a secure fit without damaging the product.
- Check that the scope rings are firmly in place and do not move when pressure is applied.

4. Attaching the Scope

- Carefully place your scope into the mounted rings.
- Adjust the position of the scope as desired for optimal eye relief and comfort.
- Tighten the scope ring screws to secure the scope in place, again using the torque wrench for proper tension.

5. Final Checks

- Inspect the installation to ensure everything is secure and correctly aligned.
- Conduct a function check by gently moving the scope to ensure it remains stable.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and metal recycling.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or support regarding the MDT Elite Scope Rings, please contact the manufacturer or your local distributor. Ensure you have your product details handy for faster assistance.

Thank you for your attention to these safety guidelines. Enjoy the benefits of your MDT Elite Scope Rings!
