

Elite Scope Rings, 34mm tube diameter - MDT Accessories - Scope Rings - Elite - 34mm - X-High (1.50in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. These rings are designed to provide a solid and lightweight mounting system for your optics. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and firearm before installation.
- Always handle your firearm safely and responsibly.
- Use the scope rings only for their intended purpose.
- Regularly inspect the scope rings for signs of wear or damage.
- Do not exceed the manufacturer's recommended torque specifications during installation.
- Keep the product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Ensure that the scope is securely mounted within the rings before use.
- Avoid using the scope rings in extreme temperatures or environmental conditions that may affect their performance.
- Be cautious of sharp edges during installation and handling of the scope rings.
- If you experience any issues with the scope rings, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screws.
- Ensure that the mounting surface is clean and free of debris.

2. Installation:

- Position the MDT Elite Scope Rings on the scope base rail.
- Align the rings with the scope, ensuring they are parallel and level.
- Secure the rings using the provided screws, tightening them gradually and evenly.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings.

3. Usage:

- After installation, check the alignment of the scope through the rings.
- Make any necessary adjustments to ensure proper sighting.
- Regularly check the tightness of the screws, especially after heavy use or exposure to harsh conditions.

Disposal Instructions

- Dispose of the MDT Elite Scope Rings in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling the aluminum material where possible.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to your local distributor or consult the manufacturer's website for additional resources.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your MDT Elite Scope Rings.
