

# Elite Scope Rings, 35mm tube diameter - MDT Accessories - Scope Rings - Elite - 35mm - High (1.25in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

# MDT Elite Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Elite Scope Rings. These rings are designed to provide a solid and lightweight mounting system for your optics. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and mounting rail before installation.
- Regularly inspect the scope rings for any signs of wear or damage.
- Always follow the manufacturer's instructions for installation and usage.
- Use the scope rings only for their intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Compatibility:** Verify that the MDT Elite Scope Rings fit your specific scope model and rail type.
- **Installation:** Ensure that the installation surface is clean and free of debris to avoid improper fitting.
- **Tightening:** Do not overtighten the screws during installation, as this may damage the scope or rings.
- **Leveling:** Use the builtin bubble level to ensure that your scope is mounted correctly.
- **Environmental Conditions:** Avoid using the scope rings in extreme temperatures or environments that may affect their integrity.
- **Maintenance:** Periodically check the tightness of the rings and the condition of the scope to ensure safety and performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure you have a clean, welllit workspace.

### 2. Installation:

- Place the MDT Elite Scope Rings onto the scope base rail.
- Align the rings with the scope's mounting points.
- Insert and lightly tighten the screws to hold the rings in place.
- Use the builtin bubble level to check for proper alignment.
- Once aligned, tighten the screws to the manufacturer's recommended torque specifications.

### 3. Usage:

- After installation, check the scope's alignment and make any necessary adjustments.
- Regularly inspect the scope rings for signs of wear or loosening during use.
- If you notice any issues, remove the scope and inspect the rings for damage.

## Disposal Instructions

- Dispose of the MDT Elite Scope Rings in accordance with local regulations.
- Do not dispose of the product in regular household waste.

- Check with local waste management facilities for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product issues, please refer to the official MDT website or contact your local distributor.

Thank you for prioritizing safety while using the MDT Elite Scope Rings. Your attention to these guidelines helps ensure a safe and enjoyable experience.
