

Premier Scope Rings, 1" / 25,4 mm tube diameter - MDT Accessories - Scope Rings - Premier - 25.44mm - High (1.25in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Premier Scope Rings offer a solid mounting system for your optics. Made from precision machined aluminium, these rings are available for the majority of scope sizes and required heights. CMM checked to 1.5 millionths of an inch precision. MDT Premier Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Premier Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Premier Scope Rings. These highquality scope rings are designed to provide a secure and reliable mounting system for your optics. This guide outlines essential safety instructions and guidelines to ensure safe use and installation of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and mount before installation.
- Inspect the product for any visible defects or damage prior to use.
- Follow all installation instructions carefully to avoid improper mounting.
- Do not exceed the recommended weight limit for the scope rings.
- Store the scope rings in a dry and safe place when not in use.
- Keep the product away from children and vulnerable individuals.

Specific Safety Precautions for Use

- Always check the tightness of the scope rings before and after each use to ensure secure mounting.
- Avoid using the scope rings in extreme weather conditions unless they are specifically rated for such use.
- Do not modify or alter the scope rings in any way, as this can compromise safety and performance.
- Use appropriate tools when installing the scope rings to prevent injury.
- If you experience any difficulty during installation or usage, seek assistance from a qualified professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure the mounting surface is clean and free from debris.

2. Installation Steps

- Place the scope rings onto the scope base rail.
- Align the rings so they are parallel to the rifle's bore line.
- Insert the mounting screws into the scope rings and handtighten.
- Using a torque wrench, tighten the screws to the manufacturer's recommended torque specifications.
- Once installed, check the alignment of the scope and make any necessary adjustments.

3. Usage

- Regularly inspect the scope rings for signs of wear or damage during use.
- If the scope becomes loose or misaligned, retighten the screws immediately before use.

Disposal Instructions

- When disposing of the MDT Premier Scope Rings, follow local regulations regarding the disposal of aluminum and metal products.
- Consider recycling the product to minimize environmental impact.

- Do not dispose of the product in household waste.

Contact Information for Further Support

For any safety inquiries or further support regarding the MDT Premier Scope Rings, please refer to the official MDT website or your retailer for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your MDT Premier Scope Rings. Thank you for prioritizing safety in your use of our products.
