

# Premier Scope Rings, 30 mm tube diameter - MDT Accessories - Scope Rings - Premier - 30mm - Low (0.820in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Premier Scope Rings offer a solid mounting system for your optics. Made from precision machined aluminium, these rings are available for the majority of scope sizes and required heights. CMM checked to 1.5 millionths of an inch precision. MDT Premier Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

# MDT Premier Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Premier Scope Rings. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your scope rings. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and rifle before installation.
- Always inspect the scope rings for any damage or defects before use.
- Store the scope rings in a cool, dry place away from direct sunlight and moisture.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents related to the use of the scope rings to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications during installation, as this may damage the scope or the rings.
- Avoid using the scope rings on outofspec rails unless necessary, and ensure they are securely mounted.
- Always doublecheck the mounting of the scope rings after installation to ensure stability.
- Use caution when handling tools during installation to prevent injury.
- If you experience any unusual movement or looseness while using the scope, stop using it immediately and inspect the installation.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a torque wrench and appropriate screws.
- Ensure your rifle is unloaded and pointed in a safe direction before beginning installation.

### 2. Installation Steps

- Identify the location on the rifle where the scope rings will be mounted.
- Align the scope rings with the mounting rail, ensuring they are positioned correctly.
- Secure the scope rings to the rail using the provided screws. Tighten the screws gradually and evenly.
- Use a torque wrench to tighten the screws to the manufacturer's recommended specifications. Avoid overtightening.
- Once installed, carefully place the scope into the rings. Adjust as necessary for proper eye relief and alignment.
- Tighten the scope ring screws securely, ensuring the scope is held firmly in place.

### 3. Usage

- Regularly check the tightness of the scope rings and screws, especially after heavy use or transportation.
- Maintain the scope rings by cleaning them with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the scope rings are damaged beyond repair, dispose of them responsibly, ensuring they do not pose a risk to the environment.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to your local retailer or the manufacturer. Ensure that you have the product details and any relevant information ready for assistance.

Thank you for your attention to these safety guidelines. Enjoy your experience with the MDT Premier Scope Rings.
