

Premier Scope Rings, 34 mm tube diameter - MDT Accessories - Scope Rings - Premier - 34mm - Medium (1.00in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Premier Scope Rings offer a solid mounting system for your optics. Made from precision machined aluminium, these rings are available for the majority of scope sizes and required heights. CMM checked to 1.5 millionths of an inch precision. MDT Premier Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Premier Scope Rings Safety Instructions

Introduction

Thank you for choosing the MDT Premier Scope Rings. These rings provide a reliable mounting solution for your optics, ensuring stability and precision. This guide outlines important safety instructions and guidelines to ensure safe usage and installation.

General Safety Guidelines

- Ensure the scope rings are compatible with your scope and rifle before installation.
- Always inspect the scope rings for any damage or defects before use.
- Follow all manufacturer instructions and guidelines during installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended torque settings when mounting the scope rings.
- Avoid using the scope rings in extreme weather conditions that may affect performance.
- Ensure that the scope is securely mounted to prevent any movement during use.
- Do not modify the scope rings in any way, as this may compromise safety and functionality.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and screwdriver.
- Ensure the workspace is clean and free from distractions.

2. Installation

- Place the scope base rail on a stable surface.
- Position the MDT Premier Scope Rings on the base rail, ensuring they align correctly.
- Insert screws through the rings into the base rail.
- Use a torque wrench to tighten the screws to the manufacturer's recommended settings. Do not overtighten.

3. Mounting the Scope

- Carefully place your scope into the rings.
- Adjust the scope so that it is level and properly aligned with your eye relief.
- Tighten the ring screws securely, ensuring the scope is held firmly in place.

4. Final Inspection

- Check that all screws are tightened and that the scope is stable.
- Perform a visual inspection to ensure there are no gaps or misalignments.

5. Usage

- Always handle your firearm and mounted scope with care.
- Regularly check the scope rings for any signs of wear or damage during use.

Disposal Instructions

- Dispose of the scope rings in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the MDT Premier Scope Rings, please refer to the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety and proper usage of your MDT Premier Scope Rings. Enjoy your shooting experience!
