

Elite Muzzle Brakes - MDT Elite Muzzle Brake 338LM, 3/4-24 thread

The MDT Elite Muzzle Brake has 35 degree angled baffles for increased recoil reduction while keeping a more streamlined design. By reducing recoil up to 66% the follow-up shot speed and accuracy is greatly improved while a straight cut through the rear baffle reduces concussive forces. MDT Muzzle Brakes are constructed out of alloy steel with a nitride finish and are provided with an overlapping lock nut. The nut offers some tuneability, as well as the ability to index the brake to make it straight. Perfect for recoil-sensitive shooters. Must be used on threaded barrels.

MDT Elite Muzzle Brake Safety Instructions

Introduction

Thank you for choosing the MDT Elite Muzzle Brake. This product is designed to enhance your shooting experience by significantly reducing recoil. However, it is crucial to follow safety guidelines to ensure safe usage and to avoid potential hazards. This guide provides essential safety instructions, installation procedures, and disposal information.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the muzzle brake is installed correctly before using your firearm.
- Only use the MDT Elite Muzzle Brake on threaded barrels.
- Use appropriate ammunition that matches the specifications of the muzzle brake (338 Caliber).
- Keep the muzzle brake clean and free from obstructions to maintain optimal performance.
- Regularly inspect the muzzle brake for signs of wear or damage.
- Store the muzzle brake and firearm in a secure location, out of the reach of children.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the muzzle brake is properly indexed and secured with the overlapping lock nut.
- Always wear appropriate eye and ear protection when shooting.
- Do not use the muzzle brake if it shows signs of damage or if the threads are stripped.
- Be aware of your surroundings and ensure that your shooting area is clear of people and obstacles.
- If you experience excessive recoil or any unusual behavior while shooting, cease use immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Clean the threaded area of the barrel to remove any debris.
- Align the muzzle brake with the threads on the barrel.
- Gently screw the muzzle brake onto the barrel by hand until snug.
- Use the overlapping lock nut to secure the muzzle brake in place. Adjust as necessary to ensure it is straight.

2. Usage:

- Before each use, perform a visual inspection of the muzzle brake.
- Confirm that the muzzle brake is securely attached.
- Load your firearm with appropriate ammunition.
- Maintain proper shooting stance and grip while using the firearm equipped with the muzzle brake.

3. PostUsage:

- After shooting, clean the muzzle brake to remove any residue.
- Store the muzzle brake and firearm in a safe location.

Disposal Instructions

- Dispose of the MDT Elite Muzzle Brake in accordance with local regulations.
- Do not dispose of the muzzle brake in regular household waste.
- Check with local authorities for proper disposal methods for metal products.

Contact Information for Further Support

For any questions or concerns about the MDT Elite Muzzle Brake, please consult the retailer where you purchased the product or refer to the manufacturer's website for additional support.

By following these safety instructions, you can ensure a safer and more enjoyable shooting experience with your MDT Elite Muzzle Brake. Thank you for your attention to these important guidelines.
