

CLEANING ROD POWER-LINE PROFI, STAINLESS STEEL (INTERNAL THREAD M5) - FOR CAL. 6.5MM-.50 - Cleaning Rod, 992mm - Power-Line Profi, Stainless Steel (internal thread M5) - for Cal. 6.5mm-.50

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

Safety Instruction Guide for CLEANING ROD POWERLINE PROFI, STAINLESS STEEL (INTERNAL THREAD M5)

Introduction

Thank you for choosing the CLEANING ROD POWERLINE PROFI. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the cleaning rod to familiarize yourself with important safety information.

General Safety Guidelines

- Always handle the cleaning rod with care to avoid injury.
- Ensure that the cleaning rod is used only for its intended purpose.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for damage before each use. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of cleaning products and accessories.
- In case of any accidents or unsafe conditions, report them to the relevant authorities.

Specific Safety Precautions for Use

- Use the cleaning rod only with firearms that are compatible with the specified caliber (6.5mm .50).
- Always ensure that the firearm is unloaded before using the cleaning rod.
- Wear appropriate safety gear, such as gloves and safety glasses, while cleaning.
- Do not apply excessive force when using the cleaning rod to avoid bending or breaking it.
- Store the cleaning rod in a dry and secure location to prevent accidents and damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the cleaning rod, cleaning patches, and cleaning solvent.

2. Installation:

- Attach the VFG barrel cleaner to the adapter of the cleaning rod by screwing it onto the internal thread M5.
- Ensure that the connection is secure before proceeding.

3. Usage:

- Insert the cleaning rod into the firearm's barrel gently.
- Use smooth, even strokes to clean the barrel, allowing the ball bearings to assist in movement.
- Avoid forcing the rod; if you encounter resistance, stop and check for obstructions.
- After cleaning, remove the cleaning rod and any attached components carefully.

4. PostUsage:

- Clean the cleaning rod with a suitable solvent to remove any residues.
- Store the cleaning rod in its designated case or location to prevent damage.

Disposal Instructions

- Dispose of the cleaning rod responsibly in accordance with local waste disposal regulations.
- If the cleaning rod is damaged beyond repair, ensure that it is disposed of in a manner that prevents any potential hazards to others.

Contact Information for Further Support

For any questions or concerns regarding the CLEANING ROD POWERLINE PROFI, please refer to the product packaging or contact your local dealer for assistance.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your CLEANING ROD POWERLINE PROFI. Thank you for your attention to safety!
