

CLEANING ROD POWER-LINE PROFI, STAINLESS STEEL (INTERNAL THREAD M5) - FOR CAL. 6.5MM-.50 - Cleaning Rod, 900mm - Power-Line Profi, Stainless Steel (internal thread M5) - for Cal. 6.5mm-.50

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

Safety Instruction Guide for CLEANING ROD POWERLINE PROFI, STAINLESS STEEL

Introduction

Thank you for choosing the CLEANING ROD POWERLINE PROFI. This product is designed for effective cleaning of firearms with a caliber of 6.5mm to .50. To ensure your safety and the optimal performance of the cleaning rod, please read this safety instruction guide carefully before use.

General Safety Guidelines

- Ensure safe use of the cleaning rod by following all instructions provided.
- Be aware of potential risks associated with improper use, including injury or damage to the firearm.
- Always use the cleaning rod in accordance with the manufacturer's specifications.
- Maintain awareness of your surroundings while using the cleaning rod to prevent accidents.
- If you are unsure about any aspect of the product's use, seek assistance from a knowledgeable individual.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses to protect your eyes from debris.
- **Age Restrictions:** This product is intended for adult users. Keep it out of reach of children.
- **Handling:** Handle the cleaning rod with care to avoid injury. The stainless steel material can be sharp.
- **Inspection:** Before each use, inspect the cleaning rod for any signs of wear or damage. Do not use if damaged.
- **Storage:** Store the cleaning rod in a safe, dry place away from children and pets.

Instructions for Installation and Usage

1. **Assembly:** If using the threepiece cleaning rod, assemble it by screwing the sections together securely.
2. **Adapter Attachment:**
 - Attach the VFG barrel cleaner to the M5 adapter.
 - Ensure the connection is tight to prevent it from coming loose during use.
3. **Cleaning Process:**
 - Insert the cleaning rod into the barrel of the firearm.
 - Gently move the rod back and forth to clean the barrel.
 - Do not force the rod; if you encounter resistance, stop and check for obstructions.
4. **PostCleaning:**
 - After cleaning, disassemble the cleaning rod if applicable.
 - Wipe down the cleaning rod with a soft cloth to remove any residue.
 - Store the cleaning rod in its designated place.

Disposal Instructions

- Dispose of the cleaning rod in accordance with local regulations.
- If the cleaning rod is damaged beyond repair, consider recycling the stainless steel material.

Contact Information for Further Support

For any inquiries regarding the safety and use of this product, please refer to the manufacturer's contact information provided with your purchase.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your CLEANING ROD POWERLINE PROFI. Always prioritize safety and proper handling to maintain the integrity of both

the cleaning rod and your firearm.
