# Wipe Length Stop for Shotguns Cleaning Rods Safety Instruction Guide

## Introduction

Thank you for choosing the Wipe Length Stop for Shotguns Cleaning Rods. This product is designed to assist in the cleaning of your shotgun while ensuring safety and efficiency. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

## General Safety Guidelines

- Always use the product as intended and follow the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod and its components for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the shotgun is unloaded before using the cleaning rod and associated components.
- Do not exceed the maximum penetration depth as indicated by the cleaning rod guide to prevent damage to the firearm.
- Use the centering sleeve to protect the cartridge chamber from damage during cleaning.
- Avoid using excessive force when attaching the cleaning felt to the cleaning rod to prevent breakage.
- If you experience any difficulties or notice any abnormalities while using the product, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Fixation Aid Installation

- Align the cleaning felt with the cleaning rod.
- Use the fixation aid to securely attach the cleaning felt to the cleaning rod.
- Ensure the cleaning felt is firmly in place before proceeding.

### 2. Adjusting the Cleaning Rod Guide

- Insert the cleaning rod into the cleaning rod guide.
- Adjust the guide to set the desired maximum penetration depth.
- Confirm that the adjustment is secure before use.

### 3. Using the Centering Sleeve

- Slide the centering sleeve onto the cleaning rod.
- Position the sleeve at the cartridge chamber area to provide protection during cleaning.
- Ensure that the sleeve is properly positioned before beginning the cleaning process.

### 4. Cleaning Process

- With the cleaning rod prepared, insert it into the shotgun's barrel.
- Gently push and pull the cleaning rod to clean the barrel, avoiding excessive force.
- After cleaning, carefully remove the cleaning rod and its components.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local waste disposal regulations.
- Ensure that cleaning felts are disposed of properly to avoid environmental contamination.
- Do not dispose of the product in regular household waste if it contains hazardous materials; instead, follow local guidelines for hazardous waste disposal.

## Contact Information for Further Support

For any inquiries or further support regarding the Wipe Length Stop for Shotguns Cleaning Rods, please refer to the manufacturer's contact details provided on the product packaging or visit their official website.

Thank you for your attention to these safety instructions. Proper use and care of the Wipe Length Stop for Shotguns Cleaning Rods will ensure a safer and more effective cleaning experience for your firearm.
