

ACC Chassis System Kit CZ 455, 457 - MDT ACC Chassis System CZ 455 22LR, 17 HMR RH Gray

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

MDT ACC Chassis System Kit CZ 455, 457 Safety Instructions

Introduction

Thank you for choosing the MDT ACC Chassis System Kit CZ 455, 457. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this manual carefully before using the chassis system.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle firearms with care and follow all safety protocols.
- Keep the chassis system and all components out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear when handling firearms and associated equipment.
- Make sure the rifle is unloaded before attaching or detaching the chassis system.
- Ensure all weights are securely attached to avoid shifting during use.
- Do not exceed the maximum weight limit of 5.6 kg for the chassis alone.
- Be cautious when adjusting weights; ensure they are properly secured after adjustments.
- Use only AICS style magazines compatible with the chassis system.
- Avoid using the chassis system in wet or muddy conditions, which can affect stability and safety.
- Follow local laws and regulations regarding firearm modifications and use.

Instructions for Installation and Usage

1. Installation of the Chassis System:

- Ensure the rifle is unloaded.
- Remove the existing stock from your rifle.
- Align the MDT ACC Chassis with the action of the rifle.
- Secure the chassis using the provided screws, ensuring a tight fit.
- Attach the MDT Elite Grip to the chassis as per the instructions included with the grip.

2. Weight Adjustment:

- Identify the desired balance point for your shooting style.
- Select weights from the interior forend, exterior MLoc weights, or buttstock weights.
- Attach weights to the respective areas:
 - For buttstock weights, remove the buttpad and insert the weights.
 - For forend weights, ensure they are secured using the retention screws.

3. Final Checks:

- After installation and weight adjustment, perform a thorough inspection.
- Ensure all components are securely attached and functioning properly before use.

Disposal Instructions

- Dispose of the chassis system and any nonreusable components in accordance with local regulations.
- Do not dispose of any parts in regular household waste.
- Consider recycling materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the MDT ACC Chassis System Kit CZ 455, 457, please refer to the documentation provided by the manufacturer or contact your local dealer for assistance.

Thank you for your attention to these safety instructions. Enjoy the precision and performance of your MDT ACC Chassis System Kit!
