

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA LH Bronze

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and associated equipment with care and responsibility.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage before use.
- Do not modify the chassis system in any way that could compromise its integrity or safety.
- Follow all local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded when attaching or detaching the chassis system.
- Use the appropriate weights as specified in the product manual to maintain balance and safety.
- Be aware of the weight limits; do not exceed the maximum weight of 5.6 kg for the chassis alone.
- When using accessories, ensure they are securely attached to prevent them from falling off during use.
- Regularly check the retention screw on the ARCA/RRS dovetail to ensure it is secure.
- If you experience any issues with the chassis system, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation of the Chassis System:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Remington 700.
- Align the action of the rifle with the chassis system.
- Securely attach the action to the chassis using the provided screws.
- Ensure all connections are tight and secure before proceeding.

### 2. Adjusting Weights:

- Determine the desired weight and balance point for your setup.
- Add or remove weights from the buttstock, interior forend, or exterior forend as needed.
- Test the balance of the rifle after adjustments to ensure comfort and stability.

### 3. Using the MDT Elite Grip:

- Familiarize yourself with the grip before use.
- Ensure a secure hold on the grip while aiming and shooting.

### 4. Using AICS Style Magazines:

- Check compatibility with your magazines.
- Ensure magazines are inserted correctly and securely.

### 5. Safety Checks:

- Before each use, conduct a safety check to ensure all components are functioning correctly.

- Inspect the chassis system for any signs of damage or wear.

## **Disposal Instructions**

- Dispose of the chassis system in accordance with local regulations.
- Ensure that all components are disposed of responsibly to minimize environmental impact.
- If the product is damaged beyond repair, contact a professional for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT ACC Chassis System Kit, please consult the manufacturer or your retailer for assistance.
