

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA LH White

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides important safety instructions to ensure the safe and effective use of your product. Please read and follow these guidelines carefully to minimize risks and enhance your shooting experience.

## General Safety Guidelines

- Always handle firearms with care and treat them as if they are loaded.
- Ensure that the MDT ACC Chassis System is compatible with your specific model of Remington 700.
- Regularly inspect your chassis system for signs of wear or damage.
- Store your rifle and accessories in a secure location, away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm usage and storage.
- If you are inexperienced with firearms, seek guidance from a qualified instructor before use.

## Specific Safety Precautions for Use

- Ensure that the weight management system is properly adjusted before use to maintain balance and stability.
- Do not exceed the recommended maximum weight of 5.6 kg for the chassis alone; additional weight from the action, barrel, scope, and accessories should not push the total beyond 1214 kg.
- Always use the MDT Elite Grip while handling the chassis to ensure a secure hold.
- Be cautious when adding or removing weights from the buttstock, interior forend, or exterior forend to avoid accidental injury.
- When using the ARCA/RRS dovetail, ensure that accessories are securely fastened with the retention screw to prevent them from falling off during use.
- Only use AICS style magazines that are compatible with the MDT ACC Chassis System.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the rifle is unloaded and pointed in a safe direction before starting the installation process.
- Remove the existing stock from your Remington 700 by following the manufacturer's instructions.
- Align the MDT ACC Chassis System with the action of the rifle and secure it according to the provided installation manual.
- Attach the MDT Elite Grip to the chassis as per the instructions.

### 2. Adjusting Weights

- To adjust the weights, locate the designated compartments in the buttstock and forend.
- Add or remove weights as needed to achieve your desired balance and weight distribution.
- Ensure all weights are securely fastened after adjustments.

### 3. Usage

- Before shooting, doublecheck that all components are secure and properly adjusted.
- Practice safe shooting habits and follow all safety protocols.
- After use, clean and maintain the chassis system to ensure longevity and performance.

## **Disposal Instructions**

- Dispose of the MDT ACC Chassis System in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the chassis in regular household waste.
- If the product is damaged beyond repair, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the MDT ACC Chassis System, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website for more details.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System Kit. Always prioritize safety and seek assistance if you have any questions or uncertainties regarding the use of your product. Thank you for your commitment to safe firearm practices.
