

# ACC Chassis System Kit Savage - MDT ACC Chassis System Savage LA CIP 338 Lapua Magnum RH Blue

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.
- Savage 338 Lapua requires MDT 3.85" magazines.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit. This product is designed to enhance your shooting experience with an adjustable weight management system. However, safety is paramount. This guide provides essential safety instructions and guidelines to ensure the safe use of your MDT ACC Chassis System.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the product is used in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the chassis is securely attached to the rifle before use.
- Always verify the weight configuration before shooting to avoid imbalance.
- Use only compatible accessories and attachments as specified in the product documentation.
- Avoid using the chassis in extreme weather conditions that may affect performance.
- Do not exceed the maximum weight limit of 5.6 kg for the chassis alone.
- Always wear appropriate safety gear, including eye and ear protection, when shooting.

## Instructions for Installation and Usage

### 1. Installation

- Carefully unpack the MDT ACC Chassis System Kit.
- Ensure all components are present: chassis, MDT Elite Grip, adjustable stock, and weights.
- Attach the chassis to your rifle following the manufacturer's specifications.
- Add weights as needed to achieve desired balance:
  - Buttstock weights
  - Interior forend weights
  - Exterior MLoc weights
- Secure all components with provided screws and retention mechanisms.

### 2. Usage

- Before each use, check that all components are properly secured.
- Adjust the weight distribution according to your shooting preferences.
- Always handle the rifle with care, following standard firearm safety protocols.
- Store the chassis in a safe and dry place when not in use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and metal waste.
- Ensure that all components are properly recycled or disposed of to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the official MDT website or contact your local distributor.

Thank you for prioritizing safety while using the MDT ACC Chassis System Kit. Enjoy your shooting experience responsibly!
