

# ACC Chassis System Kit Ultimatum Deadline - MDT ACC Chassis System Ultimatum Deadline SA RH Bronze

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read and follow these guidelines carefully to maximize your safety and the performance of the chassis system.

## General Safety Guidelines

- Always handle the chassis system with care to prevent injury.
- Ensure that all components are properly secured before use.
- Use the chassis system in accordance with the manufacturer's instructions.
- Regularly inspect the chassis for any signs of wear or damage.
- Keep the chassis system out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure the weight management system is properly adjusted before use to maintain stability.
- Do not exceed the maximum weight limit of 5.6 kg for the chassis alone.
- When adding accessories, be aware that the total weight may reach 1214 kg, which requires proper handling techniques.
- Always use the MDT Elite Grip to maintain a secure hold on the chassis.
- Verify that the ARCA/RRS dovetail and retention screw are secure to prevent accessories from detaching during use.
- Be cautious when adjusting weights on the interior and exterior forends to avoid pinching fingers.
- Use only AICS style magazines that are compatible with the chassis system.

## Instructions for Installation and Usage

### 1. Installation of Weights:

- Identify the desired location for weight adjustment (buttstock, interior forend, or exterior forend).
- Carefully insert the weights into the designated areas.
- Ensure that weights are tightly secured to prevent movement during use.

### 2. Adjusting the Buttstock:

- Utilize the MDT's proprietary XTN buttstock interface to adjust the stock to your preferred length.
- Ensure the stock is locked in place before use.

### 3. Mounting Accessories:

- Attach accessories to the 17" ARCA/RRS dovetail, ensuring the retention screw is tightened.
- Regularly check that accessories are secure during use.

### 4. Using the Chassis System:

- Always maintain a firm grip using the MDT Elite Grip.
- Ensure the rifle is properly balanced and adjusted to your shooting style.

## **Disposal Instructions**

- Dispose of the chassis system and its components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling center or facility that accepts aluminum materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT ACC Chassis System, please refer to the manufacturer's contact information provided in the product documentation or on the official website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System Kit. Always prioritize safety and compliance with the guidelines provided. Thank you for your attention to safety and for choosing MDT products.
