

# CKYE-POD Gen2 Bipods - MDT CKYE-POD, Picatinny, Heavy Duty

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

If you're a hunter or a match shooter looking for a game-changing piece of gear, look no further than the MDT Bipod. Quality craftsmanship and fast, simple, one-handed adjustments make this bipod the ultimate platform for stability and versatility. This bipod is a true work of art, featuring 3 locking positions from front to back - stowed, angled and down. MDT CKYE-POD is in a league of its own with quick single-handed adjustable height, allowing you to achieve from 4.5" to 15.5", paired with 170 degrees of cant, 360 degrees of pan capability (sling swivel stud version does not pan), and an integrated barricade stop. Mix and match the independent leg heights and angles to create the perfect shooting position, every time.

# MDT CKYEPOD Gen2 Bipod Safety Instruction Guide

## Introduction

Thank you for choosing the MDT CKYEPOD Gen2 Bipod. This product is designed for hunters and match shooters seeking stability and versatility in their shooting experience. To ensure safe and effective use of your bipod, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always inspect the bipod before each use to ensure it is in good working condition.
- Do not exceed the weight limit specified by the manufacturer.
- Keep the bipod away from children and unauthorized users.
- Use the bipod only for its intended purpose.
- Be aware of your surroundings and ensure that you have a clear shooting area.
- Report any unsafe conditions or incidents related to the bipod to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the bipod is securely attached to your firearm before use.
- Adjust the height and angle of the bipod only when the firearm is pointed in a safe direction.
- Do not use the bipod on unstable or uneven surfaces.
- Avoid using the bipod in extreme weather conditions that may affect its performance.
- Do not modify or alter the bipod in any way as this may compromise its safety and effectiveness.
- Always practice safe firearm handling and storage procedures.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the bipod to the Picatinny rail on your firearm using the provided mounting hardware.
- Ensure that the bipod is tightly secured and does not wobble or move.

### 2. Height Adjustment:

- To adjust the height, use the quick singlehanded adjustment feature to achieve the desired height between 4.5" and 15.5".
- Ensure that both legs are adjusted to the same height for stability.

### 3. Angle Adjustment:

- Use the locking positions to set the bipod in one of the three positions: stowed, angled, or down.
- Adjust the angle of each leg independently to create the desired shooting position.

### 4. Cant and Pan:

- Utilize the 170 degrees of cant and 360 degrees of pan capability (note: the sling swivel stud version does not pan) to achieve optimal positioning.
- Ensure that the barricade stop is properly engaged when using on barricades or other support structures.

### 5. Stowing the Bipod:

- When not in use, stow the bipod in the designated position to prevent damage and ensure safety.

## **Disposal Instructions**

- Dispose of the bipod in accordance with local regulations.
- Do not dispose of the bipod in household waste.
- If the bipod is damaged beyond repair, consider recycling components where possible.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the MDT CKYEPOD Gen2 Bipod, please refer to the manufacturer's website or customer service resources available in your region.

## **Conclusion**

Your safety and satisfaction are our top priorities. By following the guidelines and instructions provided in this manual, you can ensure a safe and enjoyable experience with your MDT CKYEPOD Gen2 Bipod. Thank you for your attention to these important safety practices.
