

# FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die 270 Winchester - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.br>

## Specs:

- Thread: 7/8"
- Expander (diameter): 7.01mm

All relevant components have an article number for easy reordering if necessary.

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# Safety Instruction Guide for TRIEBEL Full Length Die 270 Winchester

## Introduction

Thank you for choosing the TRIEBEL Full Length Die for 270 Winchester. This guide provides essential safety instructions to ensure the safe and effective use of your die. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose, which is to size cartridge cases.
- Always follow the manufacturer's instructions for use, maintenance, and storage.
- Keep the die out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents involving this product to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the die.
- Ensure that the die is securely mounted in the press to prevent movement during use.
- Avoid using excessive force when sizing cartridge cases to prevent damage to the die or injury.
- Do not attempt to modify the die or use it in a manner not specified by the manufacturer.
- Inspect the die regularly for wear and tear. Replace any worn components, such as the expander or ejector pin, as necessary.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the die from its packaging and inspect it for any damage.
- Securely attach the die to the reloading press using the provided lock nut. Ensure it is tightened properly to prevent movement.
- Adjust the die height according to the manufacturer's specifications for optimal performance.

### 2. Using the Die:

- Insert the cartridge case into the die and ensure it is properly aligned.
- Operate the press to push the cartridge case into the die. This will size the case and calibrate the neck from the inside.
- After sizing, carefully remove the cartridge case from the die. Check for proper neck tension.

### 3. Maintenance:

- Regularly clean the die to remove any debris or residue that may affect its performance.
- Store the die in a cool, dry place to prevent corrosion or damage.

## Disposal Instructions

- Dispose of any worn or damaged components in accordance with local regulations.
- If the die is no longer usable, consider recycling it or disposing of it in an environmentally friendly manner.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIEBEL Full Length Die, please refer to the manufacturer's manual or website for additional support and resources.

This safety instruction guide is designed to help you use the TRIEBEL Full Length Die safely and effectively. Thank you for your attention to these important safety guidelines.
