

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 300 AAC Blackout - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 7/8"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for TRIEBEL Seater with Crimp for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed to help you achieve precision in bullet seating while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that you are familiar with the operation of the bullet seater before using it.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the bullet seater only for its intended purpose, which is to seat bullets in cartridge cases.
- Always wear appropriate safety gear, including eye protection, when using the bullet seater.
- Do not exceed the recommended specifications for the product, including thread size and cartridge type.
- Ensure that the work area is clean and free from distractions to maintain focus during operation.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Do not modify the bullet seater or use it with incompatible components.
- Ensure that the bullet is properly guided into the seater before applying pressure.

Instructions for Installation and Usage

1. Installation:

- Ensure that the work surface is stable and secure.
- Attach the bullet seater to your reloading press using the 7/8" thread.
- Tighten the connection securely, but do not overtighten as this may damage the threads.

2. Usage:

- Select the appropriate seater head based on the bullet you are using to improve concentricity.
- Insert the bullet into the guide bushing of the seater.
- Slowly pull the handle of the reloading press to seat the bullet into the cartridge case.
- If desired, apply crimping by adjusting the seater head to crimp the mouth of the cartridge case.
- Inspect the completed cartridge for proper seating and crimping before use.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in regular household waste; check for designated disposal facilities for hazardous materials.

Contact Information for Further Support

For any inquiries or support regarding the TRIEBEL Seater with Crimp for Rifle Calibers, please refer to the manufacturer's contact details provided in the product manual. Ensure that you have the product details ready for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your TRIEBEL Seater with Crimp for Rifle Calibers.
