

# BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 300 AAC Blackout - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

## Specs:

- Thread: 7/8"

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# TRIEBEL BenchRestSeater Safety Instructions

## Introduction

Thank you for choosing the TRIEBEL BenchRestSeater for Rifle Calibers. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the TRIEBEL BenchRestSeater is used only for its intended purpose, which is seating match bullets for rifle calibers.
- Always handle ammunition and reloading equipment with care to avoid accidents.
- Keep the product and all related equipment out of reach of children and unauthorized users.
- Be aware of your surroundings when using this product, ensuring that no one is in the vicinity that could be harmed.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the BenchRestSeater.
- Do not exceed the recommended specifications for the product, including the maximum load and thread specifications.
- Ensure that the cartridge case is properly aligned in the seater before beginning the seating operation.
- Avoid using the BenchRestSeater if you are under the influence of drugs or alcohol.
- Do not attempt to modify or alter the BenchRestSeater in any way.
- If you experience any malfunction or difficulty during use, stop immediately and consult the manual for troubleshooting.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components, including the TRIEBEL BenchRestSeater, cartridge cases, and match bullets.
- Ensure that your workspace is clean and organized.

### 2. Installation:

- Secure the BenchRestSeater to a stable reloading press using the 7/8" threads.
- Check that the seaterhead is properly attached and replace it if necessary.

### 3. Seating Operation:

- Insert the cartridge case into the BenchRestSeater.
- Carefully place the bullet into the case mouth.
- Operate the reloading press to begin the seating process.
- Monitor the alignment of the bullet and cartridge case throughout the operation to ensure concentricity.

### 4. PostUse:

- Clean the BenchRestSeater after each use to remove any debris or residue.

- Store the product in a dry and secure location.

## **Disposal Instructions**

- Dispose of any packaging materials according to local regulations.
- If the product becomes damaged beyond repair, follow local guidelines for disposing of metal and plastic components.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIEBEL BenchRestSeater, please refer to the product manual for further instructions and assistance in selecting accessories and spare parts.

Please ensure that you follow all safety guidelines and instructions to maintain a safe reloading environment. Thank you for your attention to these important safety measures.
