

# FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die 308 Winchester - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.br>

## Specs:

- Thread: 7/8"
- Expander (diameter): 7.8mm

All relevant components have an article number for easy reordering if necessary.

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# Safety Instruction Guide for TRIEBEL Full Length Dies for Rifle Calibers

## Introduction

Thank you for choosing the TRIEBEL Full Length Die for 308 Winchester. This product is designed to help you size your cartridge cases safely and effectively. To ensure your safety and the proper functioning of the die, please read and follow the guidelines outlined in this manual.

## General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that you are familiar with the operation of your reloading press before using this die.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die and all associated tools for damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the die only for its intended purpose: sizing cartridge cases for 308 Winchester.
- Always wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Ensure that your workspace is clean and free from distractions.
- Do not exceed the recommended load specifications when reloading ammunition.
- Be aware of potential hazards such as sharp edges on the die.
- Make sure the die is securely attached to the reloading press before use.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Press:** Ensure that your reloading press is clean and properly set up.
2. **Attach the Die:**
  - Screw the TRIEBEL Full Length Die into the press using the 7/8" threads.
  - Tighten the die securely with the lock nut to prevent movement during operation.
3. **Insert the Expander:**
  - If necessary, insert the expander into the die according to the manufacturer's instructions.

### Usage

1. **Calibrate the Die:**
  - Insert the cartridge case into the die, ensuring it is pushed fully into the die.
  - The neck of the case will be calibrated from the inside as it is moved out of the die.
2. **Check Neck Tension:**
  - After sizing, check the neck tension to ensure it meets your specifications.
3. **Replace Components:**
  - If needed, replace the expander or primer ejector pin with minimal effort as they are designed for easy replacement.

## Disposal Instructions

- Dispose of any damaged or unusable dies and components in accordance with local regulations.
- Recycle packaging materials when possible.

- Ensure that all hazardous materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or replacement parts, please refer to the manual or the manufacturer's website for guidance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your TRIEBEL Full Length Die for 308 Winchester. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
