

# FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die 6.5 Creedmoor - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.br>

## Specs:

- Thread: 7/8"
- Expander (diameter): 6.65mm

All relevant components have an article number for easy reordering if necessary.

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# TRIEBEL Full Length Dies for Rifle Calibers Safety Instruction Guide

## Introduction

Thank you for choosing the TRIEBEL Full Length Die for 6.5 Creedmoor. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die. Please read this manual carefully before use to familiarize yourself with the product and its safety features.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press before using the TRIEBEL Full Length Die.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die for any damage or wear before each use. Do not use if damaged.
- Follow all local laws and regulations regarding firearms and ammunition reloading.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use of the die can lead to accidents, including firearm malfunctions and personal injury.
  - The die is designed for specific calibers; using it for other calibers may result in unsafe conditions.
- **Instructions for Avoiding Hazards:**
  - Always ensure that the die is securely mounted in the press before use.
  - Do not exceed the recommended load specifications for your cartridge.
  - Always check that the cartridge case is free of obstructions before inserting it into the die.
  - Never attempt to modify the die or its components.
  - Use only compatible components as specified in the product manual.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the press is turned off and is in a safe position.
  2. Securely attach the TRIEBEL Full Length Die to the reloading press using the 7/8" thread.
  3. Adjust the die to the desired height and secure it with the lock nut.
- **Usage:**
  1. Insert the cartridge case into the shell holder of the press.
  2. Raise the ram to push the cartridge case into the die.
  3. The neck of the case will be calibrated as it exits the die, ensuring proper neck tension.
  4. If necessary, replace the expander or ejector pin with minimal effort.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that all materials used in the reloading process are disposed of safely and responsibly.

- Check with local authorities for proper disposal methods of hazardous materials.

## **Contact Information for Further Support**

For any inquiries or additional support regarding the TRIEBEL Full Length Die, please refer to the manual or contact your local distributor.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your TRIEBEL Full Length Die for 6.5 Creedmoor. Always prioritize safety and responsible usage. Thank you for choosing TRIEBEL.
