

# FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die 6.5x55 SE - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.br>

## Specs:

- Thread: 7/8"
- Expander (diameter): 6.66mm

All relevant components have an article number for easy reordering if necessary.

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# Safety Instruction Guide for TRIEBEL Full Length Dies for Rifle Calibers

## Introduction

Thank you for choosing the TRIEBEL Full Length Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read all instructions carefully before using the die.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the die and all components out of reach of children and unauthorized users.
- Regularly inspect the die and its components for signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for your cartridge.
- Ensure that the die is securely mounted in the press before use.
- Always use the die in a wellventilated area to avoid inhaling any dust or particles.
- Be aware of the risk of injury from sharp edges or moving parts during the reloading process.
- If you experience any difficulties or unusual resistance when sizing cases, stop using the die and investigate the issue.

## Instructions for Installation and Usage

### 1. Installation

- Remove the die from its packaging and inspect for any visible damage.
- Securely mount the die into the reloading press using the 7/8" thread.
- Adjust the die position using the lock nut to ensure proper alignment.

### 2. Usage

- Insert the cartridge case into the die.
- Pull the press handle to push the case into the die, allowing for fulllength sizing.
- After sizing, remove the case and check the neck tension to ensure it meets specifications.
- If necessary, replace the expander or ejector pin following the instructions in the manual.

## Disposal Instructions

- Dispose of any damaged or worn components responsibly, following local waste disposal regulations.
- Do not dispose of the die or its parts in regular household waste. Instead, check for local recycling options or hazardous waste facilities.

## Contact Information for Further Support

For any questions or concerns regarding the TRIEBEL Full Length Die, please refer to the manual for guidance on accessories and spare parts.

## Conclusion

By adhering to these safety guidelines and instructions, you ensure a safe and effective reloading experience with your TRIEBEL Full Length Die. Always prioritize safety and consult the manual for further assistance. Thank you for your commitment to safe reloading practices.
