# Safety Instruction Guide for TRIEBEL Seaterhead Caliber 5,6/.223

## Introduction

Thank you for choosing the TRIEBEL Seaterhead Caliber 5,6/.223. This product is designed to provide you with precision and reliability when reloading ammunition. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding product safety, usage, and maintenance.

## General Safety Guidelines

To promote safe use of the TRIEBEL Seaterhead, please adhere to the following general safety guidelines:

- Always handle the Seaterhead with care and respect.
- Ensure that you are familiar with the operation of the reloading equipment you are using.
- Keep the Seaterhead and all reloading components out of reach of children and unauthorized personnel.
- Inspect the product regularly for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and use.

## Specific Safety Precautions for Use

When using the TRIEBEL Seaterhead, please observe the following specific safety precautions:

- Use only the recommended caliber and specifications for this product.
- Ensure that the Seaterhead is correctly fitted to the reloading press before use.
- Always wear appropriate safety gear, such as safety glasses, when reloading ammunition.
- Do not exceed the recommended load limits for the Seaterhead.
- Avoid distractions while reloading to maintain focus and accuracy.
- In case of any malfunction, stop using the product immediately and consult the manual for troubleshooting.

## Instructions for Installation and Usage

To ensure correct installation and effective usage of the TRIEBEL Seaterhead, follow these steps:

### 1. Installation:

- Ensure that the reloading press is turned off and unplugged.
- Remove any existing Seaterheads or dies from the press.
- Clean the threads of the press to ensure a secure fit.
- Screw the TRIEBEL Seaterhead into the press until it is snug but do not overtighten.
- Confirm that the Seaterhead is aligned properly with the reloading die.

### 2. Usage:

- Prepare your reloading components, including brass cases, bullets, and powder.
- Set the desired seating depth according to your specifications.
- Insert the brass case into the press and ensure it is seated properly.
- Place the bullet on top of the case and activate the press to seat the bullet.
- Inspect the completed round to ensure proper seating and alignment.
- Store any unused components and the Seaterhead in a safe place after use.

## **Disposal Instructions**

When the TRIEBEL Seaterhead reaches the end of its life cycle or is no longer usable, please follow these disposal instructions:

- Dispose of the Seaterhead and any components according to local regulations for metal recycling.
- Do not dispose of the Seaterhead in regular household waste.
- If the product is damaged or poses a safety risk, contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIEBEL Seaterhead, please refer to the product manual for additional information. You can also seek assistance from the retailer where the product was purchased.

## **Conclusion**

By following these safety instructions, you can ensure a safe and efficient reloading experience with your TRIEBEL Seaterhead Caliber 5,6/.223. Always prioritize safety and adhere to best practices while reloading ammunition. Thank you for your attention to these important guidelines.
